Logitech G903 LightSpeed Wireless Gaming Mouse

Product Overview

Logitech G903 LightSpeed Wireless Gaming Mouse, LightSync RGB Lighting, Ambidextrous design, Removable side buttons, 7-11 programmable buttons, Hero 16K sensor, 100 - 16, 000 dpi Resolution, > 40G Maximum acceleration, > 400 IPS Maximum speed, 1000 Hz USB report rate, 1000 Hz Wireless report rate, LightSpeed Wireless

Specifications

Features:

Evolved with HERO Sensor

With HERO 16K, LIGHTSPEED wireless gaming reaches its next evolution. The advanced HERO 16K sensor delivers unparalleled performance and class-leading efficiency. Add POWERPLAY for continuous wireless charging and the perfect LIGHTSPEED loadout.

Heart of the HERO

Its evolved. The addition of the advanced HERO 16K Sensor delivers unparalleled precision and performance with 1:1 tracking and 16,000 max DPI - plus zero smoothing, filtering, or acceleration. HERO 16K also offers 10x the power efficiency of the previous generation sensor, delivering improved battery life and reduced weight.

LIGHTSPEED Wireless

LIGHTSPEED wireless technology delivers a pro-grade 1 ms report rate, with no compromises on weight or battery life. The worlds top esports professionals choose LIGHTSPEED for its competition grade performance, responsiveness, and reliable connectivity.

140 Hours. One Charge.

HERO 16K is super-efficient, delivering incredible battery life that lasts up to 140 hours of gameplay with LIGHTSYNC RGB lighting in full effect - and up to 180 hours with no lighting. Thats almost 6X the battery life of the previous-generation G903.

POWERPLAY Wireless Charging

Get ready for endless gameplay. The POWERPLAY wireless charging system keeps G903 and other compatible G mice charged while at rest and at play.* Just attach the included POWERCORE replacing the optional 10 g weight and cover. Never worry about battery life again.

LIGHTSYNC RGB

Game-driven, full-spectrum RGB lighting responds to in-game action, audio, and screen color, synchronizing across G gear. Customize lighting animations and effects from ~16.8M colors using G HUB gaming software, and personalize to match your rig.

Mechanical Button Technology

Metal-spring button tensioning keeps the primary left and right mouse buttons poised to trigger with less force. Get exceptional speed, responsiveness, and button consistency with every click.

Ambidextrous Design. Up to 11 Buttons.

The configurable button layout lets you adjust for left- or right-handed mousing. With the dual-mode hyper-fast tilt wheel and removable side buttons, you get access to 7-11 programmable functions. Logitech G HUB gaming software customizes the buttons, putting your power moves at your fingertips.

Specifications	
Product Code	910-005673

Physical Specifications	Length: 130 mm (5.1 in)
	Width: 67 mm (2.6 in)
	Height: 40 mm (1.6 in)
	Weight: 110 g (3.9 oz) mouse only
	Optional extra weight: 10 g
	Cable length: 1.8 m (5.9 ft)
Other features	Hyper-fast scroll wheel
	POWERPLAY compatible
	LIGHTSYNC RGB lighting
	Right- or left-handed ambidextrous design
	Removable side buttons
	7-11 programmable buttons
	Mechanical button tensioning system
TRACKING	Sensor: HERO 16K
	Resolution: 100 - 16,000 dpi
	Max. acceleration: >40G
	Max. speed: >400 IPS
Responsiveness	USB data format: 16 bits/axis
	USB report rate: 1000 Hz (1ms)
	Wireless report rate: 1000 Hz (1ms)
	Wireless technology: LIGHTSPEED wireless
	Microprocessor: 32-bit ARM
Battery Life	Default lighting: up to 140 hours
	No lighting: up to 180 hours
Requirements	Windows 7 or later
	macOS 10.11 or later
	Chrome OS
	USB port
	Internet access for Logitech G HUB (optional)
Part Number	910-005673
