Specifications

Overview:

R500s LASER PRESENTATION REMOTE
With broad compatibility

Deliver impactful presentations with the R500s Laser Presentation Remote. Move freely and navigate slides from up to 20 meters away - and point out precise areas of focus with the red laser pointer.

Features:

PRESENT EFFORTLESSLY
Deliver impactful presentations with the R500s Laser Presentation Remote. Move freely and navigate slides from up to 20 meters away - and point out precise areas of focus with the red laser pointer. The R500s is optimized to work with Windows, macOS and leading presentation software.

SIMPLY PRESENT
The R500s is a simple, reliable, and hassle-free presentation remote - so you can focus on crushing your delivery.

INTUITIVE SLIDE NAVIGATION
The R500s unmistakable three button design means you can navigate your presentation slides with ease and confidence without having to look down to orient your fingers.

RED LASER POINTER
Point out precise areas of focus in your presentation with an easy-to-use and bright red laser pointer.

If you present on TV & LCD screens Class 2 laser product tested to limit the power of emission to 1mW continuous wave. Laser light is reflected on LCD and plasma screens, making it less visible. and need a digital pointer, try the

LOGITECH PRESENTATION APP

Customize button functions, monitor battery life, and set an on-screen timer from the Logitech Presentation App. Never worry about your computer going to sleep, the app keeps it awake while you present Only available when installing software on Mac and PC. Requires to install Logitech Presentation software, available for download at logitech.com/r500sw (Only compatible with Windows 7 or later / macOS X 10.12 or later).

20-METER OPERATING RANGE

Connect your R500s to your computer via USB receiver orBluetooth low energy technology. Then move and present freely from as far as 20 meters away May vary based on environmental and computing conditions.

DESIGNED FOR A SECURE GRIP

The R500s Laser Presentation Remote has been designed to fit snugly into the palm of your hand, and its soft rubber surface and textured buttons allow for a confident grip while presenting.
