Logitech PRO X Superlight Black Wireless Gaming Mouse

## Product Overview

Logitech PRO X Superlight Black Wireless Gaming Mouse with 25K Hero Sensor

## Specifications

**Features:**

**ZERØ OPPOSITION**
Remove all obstacles in the way of winning with our lightest and fastest PRO mouse ever. The new weapon of choice for the world's top esports professional athletes, it weighs less than 63 grams and delivers near frictionless glide. PRO X SUPERLIGHT continues our design philosophy of ZERØ OPPOSITION-our commitment to remove all obstacles to create the purest possible connection between the player and the game.

**ZERØ OBSTACLES**
A result of our continued collaboration with top esports pros, PRO X SUPERLIGHT is engineered with a single goal-to create the lightest possible PRO wireless gaming mouse while retaining the quality, structural integrity and pro-grade standards that Logitech G delivers. Take first faster than ever.

**ZERØ SHORTCUTS**
Our lightest PRO mouse yet, PRO X SUPERLIGHT is an engineering breakthrough achieving a weight of less than 63 grams-nearly 25% lighter than our standard PRO Wireless mouse. This was accomplished through meticulous engineering to produce extreme weight reduction with zero compromises to performance.

**ZERØ HESITATION**
Focus on nothing but winning with LIGHTSPEED, our innovative, pro-grade wireless technology for responsive performance and robust connectivity.

**ZERØ MISSES**
Logitech G exclusive HERO 25K sensor provides unrivaled precision, speed, and consistency. PRO X SUPERLIGHT delivers extreme accuracy and ultra fine control for complete confidence especially during the intense, split-second moments of tournament play.

**ZERØ RESISTANCE**
Large, zero-additive PTFE feet deliver a smooth glide for a pure, fluid connection with the game.

**ZERØ CARBON**
PRO X SUPERLIGHT meets the highest standards in sustainability. It's a fully carbon neutral certified product. Our manufacturing facilities have been reduced to net zero carbon emissions through the purchase of renewable energy and carbon offsets.
