Port Connect Pure Mac Rechargeable Wireless and Bluetooth Mouse - Iris

Product Overview

Port 910502 Connect Pure Mac Rechargeable Wireless and Bluetooth Mouse - Iris, 4 buttons & Scroll Wheel, Up to 3200 dpi Resolution, 500mAh Rechargeable Lithium Battery

Specifications

Overview Summary:

The Port Connect Pure Mac Rechargeable Wireless and Bluetooth Mouse is designed for smooth, reliable control in modern workspaces. With dual connectivity, silent clicks and adjustable precision, it delivers comfortable everyday performance while keeping your desk clean and cable-free.

Its lightweight ergonomic shape and long-lasting rechargeable battery make it ideal for extended use at home, in the office or on the move. Pair it easily with compatible devices and enjoy effortless navigation with a refined look. Buy now and upgrade your daily workflow with confidence.

Performance tier: Mid-range productivity

Uses: Office work, remote work, studying, everyday computing, creative tasks

Overview:

Port Connect Pure Mac Rechargeable Wireless and Bluetooth Mouse
Seamlessly navigate your workspace with a rechargeable mouse that combines reliable Bluetooth connectivity with a precise optical sensor for effortless productivity.

Description:

The Port Connect Pure Mac Rechargeable Wireless and Bluetooth Mouse is designed to support smooth, accurate navigation across everyday tasks. With dual wireless and Bluetooth connectivity, adjustable DPI up to 3200, silent clicks, and a built-in rechargeable battery, it delivers consistent performance without desk clutter. Its lightweight, ergonomic shape and refined iris finish make it a natural fit for modern workspaces, especially for users who value comfort, control, and clean design.

Features:

Built for Smooth Everyday Productivity
Designed to suit professionals, students, and home office users alike, this rechargeable wireless mouse balances performance with simplicity. The elegant iris color complements minimalist setups, while the ambidextrous form ensures comfortable use for both left- and right-handed users. Whether you are editing documents, browsing the web, or working on creative projects, the mouse responds with reliable accuracy and fluid movement.

Flexible Wireless Connection Options
Enjoy the freedom of dual connectivity that adapts to how you work. Bluetooth technology allows easy pairing with compatible laptops and tablets, while wireless connectivity offers a stable alternative when switching devices. With a working range of up to 10 meters, the mouse keeps your setup clean and mobile-friendly. Device selection mode also makes it easy to move between two connected devices without disruption.

Precision Control That Adapts to You
An adjustable optical sensor lets you tailor cursor speed to your task, ranging from 1000 to 3200 DPI. This flexibility supports both detailed work and fast navigation. Four responsive buttons and a smooth scroll wheel provide intuitive control, while silent clicks help maintain focus in shared or quiet environments.

Comfort That Lasts Through Long Sessions
Designed with ergonomics in mind, the lightweight 85g body reduces strain during extended use. Its compact shape fits naturally in the hand, supporting relaxed movement throughout the day. A rechargeable 500mAh lithium battery powers long

work sessions and helps eliminate the need for disposable batteries, contributing to a more streamlined desk.

Highlights at a Glance

- Dual wireless and Bluetooth connectivity for versatile device pairing
- Adjustable optical sensor with DPI settings from 1000 to 3200
- Rechargeable 500mAh lithium battery with efficient power management
- Four-button layout with smooth scroll wheel and silent clicks
