Bitdefender Internet Security 2013 1 User

Product Overview

Bitdefender Internet Security 2013 1 User.

Specifications

Overview:

Bitdefender's excellent performance was confirmed again in September with the latest results from independent testing. The elite anti-virus company has the highest year-to-date score in AV-TEST's rigorous, independent trials, beating competitors including Norton, Kaspersky and McAfee the independent lab's test results.

Anything Less is Second Best!
The achievement crowns a year of accolades and awards, including PC Mag's Editor's Choice, distinctions from reviewers such as CNET, Laptop Magazine, PC PRO, WebUser, PC Achat and Micro Actuel, and top results from leading industry organizations including AV-Comparatives and VB100.

Not just any security..Silent Security!
How effective can a security suite be if you have to be a rocket scientist to properly use it? Bitdefender Autopilot quietly makes all the security-related decisions for you - allowing you to enjoy your PC without interruptions or slowdowns.

Bank & Shop online with complete confidence!
Never worry about hackers stealing your account information again! Bitdefender Safepay automatically opens all your e-banking and e-shopping pages in a separate iron-clad, secure browser.
