Logitech MK120 Corded Desktop

Product Overview

Logitech Keyboard and Mouse - MK120 Corded Desktop (USB,Optical mouse)

Specifications

Overview:

Feel-good typing

Your hands will enjoy the low-profile, whisper-quiet keys and standard layout with full-size F-keys and number pad.

Rugged good looks

The slim keyboard isn't just sleek-it's tough with a spill-resistant design, sturdy tilt legs and durable keys.

Smooth ride

You'll be moving along smoothly with a precise, high-definition optical mouse to help you get around.

Features:

Comfortable, quiet typing

You'll enjoy a comfortable and quiet typing experience thanks to the low-profile keys that barely make a sound and standard layout with full-size F-keys and number pad.

Spill-resistant design

Liquid drains out of the keyboard, so you don't have to worry about ruining your investment with accidental spills.

High-definition optical tracking

You'll enjoy responsive and smooth cursor control with the high-definition optical tracking (1000 dpi).

Thin profile

The keyboard has a thin profile that adds a sleek look to your desk while keeping your hands in a more comfortable, neutral position.

Durable keys

The keys can last up to 10 million keystrokes so you can keep typing long after many keyboards have called it quits.

Plug-and-play USB connections

Setup is simple-you just plug your keyboard and mouse into USB ports on your desktop, laptop or netbook computer and start using them right out of the box.

Easy-to-read keys
The bold, bright white characters make the keys easier to read-perfect for those with less-than-perfect vision. They're less likely to wear off, too.

Sturdy, adjustable tilt legs
You can extend the sturdy folding legs to increase the keyboard tilt by 8 degrees to address your personal ergonomic needs.

Logitech reliability
You get the high quality and reliability that's made Logitech the global leader for keyboards and mice at a price you can afford-plus a 3-year warranty.

Curved space bar
It keeps your hands in a more natural position so you can type in greater comfort.
