Logitech K400 Plus Wireless Touch Keyboard Multi Touch Touchpad

Product Overview

Logitech Wireless Keyboard K400 Plus Touch (Dark Grey) Unifying USB receiver 18-months Battery life 13 Function integrated Hot Keys 10m range (2 4 GHz)

Specifications

Features:

TOTAL CONTROL FROM THE COUCH
Wireless plug-and-play keyboard with integrated touchpad for total control of your TV-connected PC from your couch. K400 is a quiet, easy-to-use keyboard with a built-in touchpad, plus all the hotkeys Windows® and Android™ users know and love. Complete with media controls that make navigating your PC-controlled TV a breeze.

DESIGNED FOR LAID-BACK CONTROL
The built-in touchpad keeps your typing and navigation all in one place. When it comes to your PC-controlled TV, K400 makes navigation easier with no need to connect keyboard and mouse separately (or get off the couch). So you can seamlessly watch videos, browse the web, or chat with friends.

BUILT TO KEEP GOING
K400 is built with the same high quality and reliability standards that have made Logitech the #1 global leader for mice and keyboards. Up to 18 months of battery life eliminates the hassle of frequent battery changes, with a handy on/off switch and power-saving technology that preserve battery life. The spill-resistant design and durable keys keep you on-track despite any mishaps.

QUIET KEYS, LARGE TOUCHPAD
Comfortable, quiet keys and a large touchpad make navigating entertainment effortless, even setup is a snap thanks to the tiny, plug-and-play USB Unifying receiver.

WIRELESS AND COMPATIBLE
Powerful, lag-free wireless gives you up to 33 ft (10 meters) of freedom with no delays or dropouts. Designed for use with Windows 7, Windows 8, Windows 10 and later, Android 7 or later, and Chrome OS™.

CUSTOMIZABLE
Use it right out of the box, or customize your controls with Logitech Options software. Preset controls make it easy to adjust

volume, make selections, or use your favorite Windows and Android shortcuts.

System Requirements:

- Computers, phones, and tablets that support external keyboards.
- Windows 7, 8, 10 or later
- Android 7 or later
- Chrome OS
- USB connection: Available USB port required.
