Performance tier: Entry-level

Uses:office work, home computing, school use, data entry, general productivity

Overview

This duo delivers all the functionality you need in one comfortable, durable design that's easy to use and keeps your space nice and clean. Built with Logitechs known quality standards, MK235 Wireless Combo is in it for the long haul.

Description

The Logitech MK235 Wireless Keyboard and Mouse Combo is designed for users who need a practical and reliable input solution for everyday computing. Its full-size keyboard layout includes well-spaced keys, a dedicated number pad, and 15 accessible function keys that enhance productivity and streamline common tasks. The sturdy build and spill-resistant design help protect against minor accidents, making it suitable for busy workspaces.

The included wireless mouse features smooth optical tracking and a comfortable ambidextrous shape, making it easy to use for extended periods. The line-by-line scrolling and responsive buttons ensure precise navigation across documents and web pages.

With a simple plug-and-play nano USB receiver, setup is quick and hassle-free without requiring additional software. The strong wireless connection operates up to 10 meters, offering flexibility and reducing cable clutter. Long battery life further enhances convenience, allowing users to work for extended periods without frequent battery changes.
