Specifications

About this product

The delivers a full-size keyboard and compact mouse paired via a Nano USB receiver with a up to 10 m wireless range, featuring SilentTouch technology for over 90% noise reduction - ideal for quiet workspaces and everyday computing.

Overview Summary

Logitech MK295 Silent Wireless Combois a thoughtfully designed keyboard and mouse set engineered to bring comfort, silent operation and reliable wireless performance to your desktop. The full-size keyboard provides a complete layout including numeric keypad, while the contoured compact mouse offers smooth, precise control - both with SilentTouch technology to minimize typing and clicking noise.

With a stable 2.4 GHz connection via a compact Nano USB receiver and a wireless range of up to 10 metres, the MK295 combo lets you work from a comfortable distance without cable clutter. The keyboard is spill-resistant and its tilt legs are adjustable for ergonomic typing, while the mouse's compact shape ensures easy handling and comfortable navigation - making this combo ideal for office work, study spaces or home setups.

Performance tier: Productivity / Everyday use
Uses: Office work, home computing, remote work, study, general PC use

Overview

Meet Logitech MK295 Silent Wireless Combo- featuring SilentTouch, an exclusive Logitech technology that eliminates over 90% of keyboard and mouse noise. It's the same clicking and typing feel of the world's bestselling combo without disruptive clicking and typing sounds.

Description

The MK295 Combo delivers a seamless wireless desktop experience. The full-size keyboard features a standard QWERTY

layout plus numeric keypad, with adjustable height tilt legs to match your preferred typing angle. Thanks to SilentTouch technology, typing feels familiar but far quieter, reducing noise by over 90% compared with standard combos. The matching mouse shares the same silent click design and ergonomic compact shape, giving smooth and precise cursor control on most surfaces. The set connects via a tiny Nano USB receiver that stays plugged into your PC, letting you enjoy a stable 2.4 GHz wireless connection with up to 10 metres of range - so you get more freedom and less clutter on your desk.

Both keyboard and mouse are battery powered (keyboard: 2 x AAA, mouse: 1 x AA) and the set is engineered for low maintenance: long battery life means months of use before replacement, and a spill-resistant keyboard ensures durability even in busy or casual work environments.

Features

- SilentTouch technology - typing and clicking noise reduced by over 90% for quiet environments
- Full-size keyboard with numeric keypad and adjustable height tilt legs for ergonomic typing
- Spill-resistant keyboard design for added durability and worry-free use
- Compact contoured mouse with smooth and responsive optical tracking
- Reliable 2.4 GHz wireless connection via Nano USB receiver - up to 10 m range
- Battery-powered keyboard and mouse with long battery life (keyboard up to 36 months, mouse up to 18 months) and individual on/off switches to save power

LESS NOISE, MORE FOCUS
Stay focused on your work and cut out distractions. Meet Logitech MK295 Silent Wireless Combo featuring SilentTouch-an exclusive Logitech technology that eliminates over 90% of keyboard and mouse noise. It's the same clicking and typing feel of the world's bestselling combo without disruptive clicking and typing sounds.

Work with less distractions
Our innovative SilentTouch technology removes over 90% of disruptive sounds for you and those around you-all while keeping the familiar typing and clicking feel of the world's bestselling combo

Full-Size comfort
The full-size keyboard provides all you need in the elegant and efficient design. 8 convenient shortcuts plus the full numpad simplify data entry and navigation.

Comfortable and compact mouse
Contoured and portable shape. Smooth, precise clicking and pointing on most surfaces. Not to mention the impressive quietness made possible by SilentTouch.

LAG-FREE WIRELESS
Forget about drop-outs and lag thanks to a strong, reliable 2.4 GHz wireless connection with a 10 m range. Connect in just 3 seconds with one tiny receiver that can stay in your computer, freeing up desk space and keeping you on-track.

DURABLE AND RELIABLE
The spill-proof design, durable keys, and sturdy tilt legs with adjustable height add an extra layer of utility and comfort

LONG-LASTING BATTERY
A 36-month keyboard and 18-month mouse battery life-along with on/off switches-means you can go for months without the hassle of changing batteries.

	Mouse
	Height: 99 mm
	Width: 60 mm
	Depth: 39 mm
	Weight (with batteries): 75.2 g
	Nano receiver
	Height: 23.1 mm
	Width: 18.7 mm
	Depth: 6.1 mm
	Weight: 1.8 g
System Requirements	Windows 10, 11 or later
	ChromeOS
	Available USB port required.

FAQ

What devices are compatible with the MK295 set?

The MK295 works with PCs and laptops running Windows (7, 8, 10, 11) or Chrome OS. It requires a free USB port for the Nano USB receiver.

How far can I be from the computer when using the wireless connection?

The wireless range is up to 10 metres, allowing you to work comfortably from a distance without loss of signal.

Is the keyboard spill-resistant?

Yes. The keyboard has a spill-resistant design that helps protect against accidental liquid spills under limited conditions - though it should not be immersed in liquid.

How long do the batteries last?

The keyboard can run for up to 36 months (with 2 x AAA batteries) and the mouse up to 18 months (with 1 x AA battery), depending on usage and battery type.
