Specifications

About this product

The Logitech G316 X 98 Wired Gaming Keyboard in Black combines a space-saving 98% layout with tactile mechanical switches, 8 kHz report rate performance, hot-swappable switches, PBT keycaps, LIGHTSYNC RGB and onboard controls. The 98-key design retains a numeric keypad while keeping the keyboard compact, making it well suited to gaming, productivity and everyday PC use. Buy the Logitech G316 X 98 gaming keyboard from our website for a responsive and customisable gaming setup in South Africa.

Overview Summary

The Logitech G316 X 98 is a wired mechanical gaming keyboard designed for players who want responsive performance, customisation and a compact desktop footprint. Its 98% layout provides 98 keys including a numeric keypad, while the tactile mechanical switches provide defined feedback for gaming and everyday typing.

The keyboard supports selectable 1000 Hz, 2000 Hz, 4000 Hz and 8000 Hz report rates and includes hot-swappable switches, customisable PBT keycaps, per-key LIGHTSYNC RGB lighting and a 30-zone light bar. A dot-matrix LED display and multifunction control dial provide convenient access to keyboard settings, media, volume, key brightness and report rate adjustments.

Performance tier:Gaming

Uses:PC gaming, competitive gaming, everyday typing, productivity, multimedia control, home computing

Overview

Level up your play with G316 X, a wired gaming keyboard that delivers 8 kHz report rate performance and versatile customization that all PC gamers need. With a joyful LED display, hot-swappable switches and customizable PBT keycaps, G316 X makes game-ready technology accessible to all.

Description

The Logitech G316 X 98 is a wired mechanical gaming keyboard built around a compact 98% layout that retains the functionality of a numeric keypad while reducing the space required on the desktop. The Black finish gives the keyboard a clean gaming-focused appearance, while the mechanical design provides a defined tactile response for both gameplay and regular typing.

This model uses tactile mechanical switches with an actuation distance of 2.2 mm plus or minus 0.4 mm, an actuation force of 55 g plus or minus 10 g and a total travel distance of 3.3 mm plus or minus 0.4 mm. The switches are rated for up to 20 million keystrokes and can be replaced using the hot-swap design without soldering.

For gaming performance, the G316 X supports report rates of 1000 Hz, 2000 Hz, 4000 Hz and 8000 Hz. The 8000 Hz setting is designed to provide highly responsive input reporting for compatible gaming systems. Anti-ghosting and 26-key rollover help the keyboard register multiple simultaneous key presses during complex gameplay.

The keyboard also provides extensive visual and control features. LIGHTSYNC RGB offers per-key lighting, while the 30-zone light bar adds additional customisable illumination. The dot-matrix LED display can show modes, adjustments, Caps Lock, Num Lock and keyboard status. A multifunction dial provides convenient control of volume, media, key brightness and report rate.

The gasket-mounted construction and sound-dampening layers are designed to provide a smoother and more refined typing feel. The detachable 1.8 m USB-A to USB-C cable provides a wired connection to a compatible computer, while onboard memory supports storage of up to two profiles. Logitech G HUB software provides additional configuration options for compatible Windows and macOS systems.

Features

The Logitech G316 X 98 combines responsive wired gaming performance with practical customisation and a compact full-function layout.

- 98% compact layout: Retains the numeric keypad and essential keyboard controls while using less desktop space.
- 8000 Hz report rate: Supports selectable 1000 Hz, 2000 Hz, 4000 Hz and 8000 Hz report rates.
- Tactile mechanical switches: Provides defined tactile feedback for gaming and typing.
- Hot-swappable switches: Allows compatible mechanical switches to be replaced without soldering.
- PBT keycaps: Durable keycap material with support for compatible standard cross-stem keycaps.
- LIGHTSYNC RGB: Provides customisable per-key RGB lighting.
- 30-zone light bar: Adds additional configurable RGB illumination.
- Dot-matrix LED display: Displays modes, adjustments and keyboard status information.
- Multifunction control dial: Provides control over volume, media, key brightness and report rate.
- Game Mode switch: Provides a dedicated gaming control for the keyboard.
- Anti-ghosting: Helps ensure intended key presses are registered during fast gameplay.
- 26-key rollover: Supports multiple simultaneous key presses.
- Onboard memory: Supports storage of up to two profiles.
- Gasket-mounted construction: Provides a cushioned and refined keystroke feel.
- Sound-dampening layers: Helps refine the keyboard acoustics and typing experience.
- Adjustable typing angle: Supports 4 degree and 8 degree tilt positions using removable rubber feet.
- Detachable cable: Uses a 1.8 m USB-A to USB-C cable.
- Logitech G HUB support: Enables compatible lighting, profile and keyboard customisation.

LEVEL UP YOUR PLAY

Designed to level up your play. G316 X features a playful, customizable design packed with supercharged performance. Unbox, connect, and get into your.

8 kHz GAME READY PERFORMANCE

ComX Computers

Product Specification Sheet

G316 X gives you the supercharged, game-ready performance you need to level up. Near-instantaneous 8 kHz report rate and versatile customization gives you the power to personalize your play.

PERSONALIZE YOUR PLAY

Hot swap your switches for enhanced performance and typing experience. Mix and match standard cross hatch stem keycaps to create a look as unique as your playstyle. (Customization kits sold separately.)

INTUITIVE ONBOARD CONTROL

A dot-matrix LED display animates as you adjust settings on the dial, with animations and quick control of volume, media, brightness, and report rate.

PREMIUM SOUND AND FEEL

G316 X features a gasket-mounted structure with sound-dampening layers for a smooth and satisfying "thocky" click sound and feel.

DYNAMIC LIGHTSYNC RGB

Expressive light bar reacts to your setup and dial adjustments. Customize 30 different light bar zones and per key lighting for a truly immersive gaming environment-all powered by G HUB.

POWERED BY G HUB

Enable 8 kHz report rate, personalize LIGHTSYNC RGB lighting, edit your game mode keys, create macros and take full control of your key assignments, all in G HUB.

MEET THE G3 SERIES

The G3 Series is a level up for your gaming experience. Combining gaming-ready performance, playful design, and joyful upgrades, the G3 Series is designed to make play more immersive, more powerful, and more fun.

FAQ

What is the Logitech G316 X 98?

The Logitech G316 X 98 is a wired mechanical gaming keyboard with a 98% layout, 98 keys, tactile mechanical switches, RGB lighting and a numeric keypad.

Does the Logitech G316 X 98 have mechanical switches?

Yes. The 920-014195 model uses tactile mechanical switches with a 2.2 mm plus or minus 0.4 mm actuation distance and a 55 g plus or minus 10 g actuation force.

What report rate does the Logitech G316 X 98 support?

The keyboard supports selectable report rates of 1000 Hz, 2000 Hz, 4000 Hz and 8000 Hz.

Can the Logitech G316 X 98 switches be replaced?

Yes. The keyboard has hot-swappable switches, allowing compatible mechanical switches to be replaced without soldering.

Does the Logitech G316 X 98 have RGB lighting?

Yes. It features per-key LIGHTSYNC RGB lighting and a 30-zone customisable light bar.

Does the Logitech G316 X 98 have a numeric keypad?

Yes. The 98% layout retains a dedicated numeric keypad while providing a more compact footprint than a traditional full-size keyboard.

Does the Logitech G316 X 98 connect wirelessly?

No. The Logitech G316 X 98 is a wired keyboard and connects to a compatible computer using the included detachable USB-A to USB-C cable.

What software is compatible with the Logitech G316 X 98?

The keyboard supports Logitech G HUB software for compatible configuration and customisation functions. It supports Windows 10 or later and macOS 12 or later.

How long is the Logitech G316 X 98 cable?

The included detachable USB-A to USB-C cable is 1.8 m long.

What are the dimensions of the Logitech G316 X 98?

The keyboard measures 384.5 x 140.33 x 40.69 mm and has a weight of 870 g plus or minus 50 g.
