Logitech Tap Controller + CAT5e KIT

Product Overview

Logitech Tap Controller + CAT5e KIT

Specifications

Overview:

Deliver one-touch join, calendar integration, instant content sharing, and a consistent experience across meeting rooms. With a sleek design, silent operation, and motion sensor for
always-on readiness, Tap brings ease and convenience to video collaboration.

Features:

One-touch join
Easily start and join meetings with just one tap.

10.1" touch display
Spacious and responsive touch screen resists fingerprints and glare for high legibility and easy operation.

Sleek, low profile
Comfortable 14 degrees angle allows for easy viewing, while providing an unobtrusive presence in the room.

Always-on readiness
Built-in motion sensor saves power when idle, and powers on when a person approaches.

Headphone jack
Extends the host computer's wired audio capabilities to the tabletop, ideal for private conversations and for the hearing-impaired.

Dual cable exits
A sturdy metal cover with removable bottom and rear exits keep cables tidy and secure.

Clean cable management
Built-in cable retention and strain relief system hides the cable entirely within its enclosure, and secures it to prevent unwanted

disconnections.

USB accessory port
Connect an accessory such as a USB speakerphone.

HDMI input for content sharing
Provides instant wired content sharing when used with Google Meet, Microsoft Teams Rooms, and Zoom Rooms.

Anti-theft protection
Keep Tap securely in place by connecting a security cable to one of Tap's two Kensington lock slots, one on the bottom and another at the back

Clean Installation
Flexible cabling lets you locate Tap near participants for convenient operation while installing the host computer in a cabinet, beneath a table, or behind a display.

Multiple Mounting Options
Secure Tap flat to the table, raise the viewing angle, or mount it on the wall to conserve space, minimize cabling, and optimize the user experience.

ROOM SOLUTIONS WITH LOGITECH TAP
Easily deploy video meetings with pre-configured Logitech room solutions for Google Meet™ and Microsoft Teams™, which include everything you need - Tap, a conference camera or video bar, and PC compute - to start building meeting rooms of virtually any shape or size.
