Logitech Sight Off White Tabletop Companion Camera

Product Overview

Logitech Sight, Off White, USB - must be used with Rally Bar or Rally Bar Mini

Specifications

Overview:

Tabletop companion camera with intelligent multi-participant framing. Get the best front-and-center view of the room, from anywhere.

Features:

TAKE A SEAT AT THE TABLE
AI-powered meeting room camera that helps remote attendees feel like they're actually seated at the table.

FRONT AND CENTER
Add a tabletop perspective to your front-of-room camera to deliver a better, more inclusive hybrid meeting experience.

TWO VIEWPOINTS.A BETTER PERSPECTIVE.
A new approach combines Sight at the table with the front-of-room video bar to show the best angle of meeting room interactions.

Frontview
While the camera is capable of framing individuals, it encounters difficulty when people block the view of those behind them, and is unable to maintain a head-on perspective when participants turn their faces away from the front camera.

Center View
While the camera is able to capture in-room participants talking to each other around the table, it's unable to maintain a head-on perspective when participants turn their faces back to the front of the room.

Front and Center View
With Rally Bar at the front of the room, and Sight at the center of the table, you maintain a consistent front-facing view of in-person interactions as the conversation flows between in-room and remote participants.

WORKS WITH YOUR PLATFORM OF CHOICE
Sight integrates with leading video conferencing platforms to enable even better hybrid meetings.

Video Capture
Sight uses video and AI to detect and accurately frame participants, with a 315 degrees field of view.

Audio Pickup
Sight uses sound to detect active speakers and capture audio at the table, up to 2.3 m away.

Smart Switching
Adaptive intelligence chooses the best view between the camera on the table and the camera at the front of the room, tracking conversations as they move between participants.*

DESIGNED FOR DIFFERENT SPACES
Created for medium to large collaboration spaces, Sight extends the capabilities of the front-of-room camera to pick up on conversations and nonverbals around the room.

CLEAR AUDIO. CLEAR VIDEO. CLEAR CONTROLS.
With 4K cameras and 7 beamforming mics, Sight captures conversation and nonverbals clearly. Indicator lights and privacy shade allow for clear signaling and status control.

CLEAN AND SECURE INSTALL
Easily install and secure Sight with the included mounts. Keep tables clean and cables plugged in with integrated cable management.

Table Mount
Base plate and microsuction lining keeps Sight secure and in place without drilling or permanent fixtures.

Grommet Mount
Secure Sight to tables while routing and hiding cables down through the grommet hole with the included table mount.

Tripod Mount
Use Sight in non-traditional room setups, like spaces with U- or V-shaped tables, with the included mount for tripod stands.

Easy to Manage
Easily manage and maintain all your devices and spaces at scale with Logitech Sync. Monitor room health, deploy updates, and modify settings all from a single cloud-based platform. Activate premium features like insights, remote UI for troubleshooting, and proactive alerts with an Essential or Select license.

Ensure Business Continuity with Select Service Plan
Remove barriers to collaboration and ensure conference rooms are ready for the next meeting. Select is a service plan beneficial for all room sizes and deployments. Optimize uptime with expert assistance within one hour, get fast product replacements, and take advantage of premium Sync functionality to proactively resolve issues before they impact your business. When you choose Select, we partner with you to reduce daily management, optimize performance, and help you maximize your investment.

OUR COMMITMENT TO SUSTAINABILITY
Logitech is committed to creating a more sustainable world, using lower carbon materials like post-consumer recycled plastics for our products whenever possible. We are actively working to minimize our environmental footprint and accelerate the pace of social change.

Made With Recycled Plastic

The plastic parts in Logitech Sight include certified post consumer recycled plastic - 50% for white, 59% for graphite - to give a second life to end-of-life plastic from old consumer electronics and help reduce our carbon footprint.

Responsible Packaging

The paper packaging of Logitech Sight comes from FSC™-certified forests and other controlled sources. By choosing this product, you are supporting responsible management of the world's forests.

Specifications	
Product Code	960-001503
Dimensions	Table-mounted
	Height: 299.0 mm
	Width: 169 mm
	Depth: 169 mm
	Grommet-mounted
	Height: 291.2 mm
	Width: 93.4 mm
	Depth: 93.4 mm
	Grommet hole 25 mm or larger
	Weight: 1.5 kg
Video Platform Compatibility	Integration and feature compatibility will vary by platform.
General Specifications	Built-in Components
	7 beamforming microphones, dual lens camera, Logitech Collab OS platform
	Device Management
	Logitech Sync
Camera	Sensor resolution: 4K
	Zoom: X1
	Horizontal Field of View: 315 degrees
	Vertical Field of View: 97 degrees
	Diagonal Field of View: 180 degrees
	Focal Length: 1.87 mm
	Depth of Field: 50 cm-5 m
	Frame Rate (max): 60 fps

Microphone Specifications	Beamforming Elements: 7 omnidirectional digital MEMS microphones forming six adaptive acoustic endfire beams
	Pickup Range: 2.3 m radius
	Microphone Type: digital MEMS microphones with 72 dB SNR and 130 dB AOP, dirt and water resistant to IP57 spec
	Frequency Response: 90Hz - 16 kHz
	Sensitivity: >-36 dBFS /-1 dB @ 1 Pa
	Audio processing: AEC (Acoustic Echo Cancellation), Machine Learning VAD (Voice Activity Detector)
	Noise suppression: Artificial Intelligence Machine Learning to attenuate both stationary and non-stationary noises
	Additional mic pods
	Rally Bar: Supports up to 3 Mic Pods and 2 Mic Pod Hubs
	Rally Bar Mini: Supports up to 2 Mic Pods and 2 Mic Pod Hubs
	Rally/Rally Plus: Supports up to total of 6 Mic Pods and/or Mic Pod Hubs
ENVIRONMENTALS	Operating Temperature: 0 to 40 degreesC @ 10% - 90% RH (Non-condensing)
	Storage Temperature: -40 to 70 degreesC @ 10% - 90% RH (Non-condensing)
Compatibility	Power type: 802.3at Type 2 "PoE " power or equivalent power supply (user supplied)
	CAT Cable: Cat6 or greater
	Maximum CAT Cable Length: Between Sight Dongle and Sight: 40 m
	USB Mode: Windows 10, Windows 11 or later, macOS (two most recent versions)
	Appliance Mode: Room solution software license (not included), Rally Bar or Rally Bar Mini
	Latest version of Logitech Collab OS
	PORTS AND INTERFACES
	1 x RJ45 (audio/video data over USB)
	1 x RJ45 (Power Over Ethernet)
	1 x RJ45 (Daisychain - Rally Mic Pods)
