Overview

Logitech PRO X: Pro-Designed Wired Gaming Headset 50mm PRO-G drivers deliver next-gen 7.1 surround + DTS Headphone:X 2.0 for pinpoint audio (20Hz-20kHz, 32ohm, 91.7dB sensitivity); aluminum/steel frame (320g, 195x138x94mm) with swappable memory foam leatherette/cloth earpads. Blue VO!CE mic tech via external USB sound card + G HUB software for broadcast-quality voice filters, noise reduction, and pro comms (electret condenser, 100Hz-10kHz, cardioid pattern). 2m PC cable (1.5m mobile, Y-splitter included); plug-and-play on Windows/macOS-durable comfort for extended sessions.

Description

The Logitech G PRO X Wired Gaming Headset is engineered for gamers who require premium audio fidelity and robust build quality. Equipped with Hybrid Mesh PRO-G 50mm drivers, this headset produces precise and immersive sound across a wide frequency range from deep lows to clear highs. Its rugged construction uses aluminum for the fork and steel for the headband to withstand regular use, while memory foam leatherette ear and head pads provide long lasting comfort. The detachable pro microphone with electret condenser and cardioid pickup pattern ensures your voice is captured clearly with minimal background noise. With the included USB external sound card, Blue VOICE technology and DTS Headphone:X 2.0 surround sound can be enabled for enhanced spatial audio on supported PCs. This makes it a standout choice for both gaming and communication.

Features

Designed for serious gamers and competitive players, the Logitech G PRO X Wired Gaming Headset offers:

- Hybrid Mesh PRO-G 50mm drivers with neodymium magnets for detailed audio playback across gaming soundtracks and effects.
- Durable aluminum fork and steel headband construction for lasting reliability and comfort.
- Memory foam leatherette ear and head pads to reduce fatigue during extended sessions.
- Detachable pro microphone with cardioid pickup for clear team communication and streaming.
- USB external sound card with Blue VOICE mic filters and DTS Headphone:X 2.0 surround sound support on PC platforms.

PRO GRADE PERFORMANCE

Designed in collaboration with and for pros for advanced communications and precision audio.

BLUE VO!CE

BLUE VO!CE microphone technology gives you a choice of real-time voice filters to reduce noise, add compression and de-essing, and ensure that your voice sounds richer, cleaner, and more professional. Get consistent, studio-quality, in-game vocal communications with BLUE VO!CE via G HUB Gaming Software.2Advanced features like Blue VO!CE and DTS Headphone:X 2.0 surround sound function only on PC via Logitech G HUB Gaming Software.

COMFORTABLE MEMORY FOAM

Memory foam wrapped in premium leatherette or breathable velour give you lasting comfort. So you can play longer and harder, and focus on winning.

DURABLE STEEL AND ALUMINUM

With a sturdy and lightweight frame constructed of aluminum and steel, PRO X is built for durability, comfort, and a premium

aesthetic.

NEXT-GEN SURROUND SOUND

DTS HEADPHONE:X 2.0 is the latest version of object-based sound imaging from DTS. Version 2.0 takes 7.1 channel surround sound further than ever with enhanced bass rendering, audio clarity and proximity cues. And most importantly, a new level of distance awareness differentiates between near field and far field audio, so your enemies location is pinpointed more than ever.

PRO-G 50 MM DRIVERS

PRO-G features a unique hybrid mesh construction to deliver amazingly clear and precise sound imaging. Hear footsteps and environmental cues with breathtaking clarity, and get the competitive edge you need to win. Now, with 50 mm drivers, the next-gen PRO-G achieves even more accuracy across a wider frequency range, plus higher-fidelity bass response.

PRO-TUNED EQ

Audio EQ profiles-tuned by esports athletes-now available on G HUB Gaming Software. Use their profiles as-is, or fine tune to your ears. Save them to the external USB sound card-then apply to other PCs.

PRO Series

PRO X joins a complete setup of gear developed in close collaboration with top esports pros. With our most advanced tech and focused design, nothing gets in the way of winning.

Play To Win

Logitech G is a global leader in esports and the gear of choice for pro players all over the world. Through a unique collaboration, Logitech G works directly with the world's elite pro gaming athletes to understand the demands of competition play. Our team then extrapolates their needs to create the best pro-grade gear.

Hear it First. Hear it All.

Harness the power of Artificial Intelligence to deliver truly immersive sound experiences uniquely crafted for your ears. With Immerse, you hear the precise location of enemy footsteps and reload sounds; you have the advantage of hearing your enemies before they hear you. The Close Combat feature brings you right into the action as you feel bullets whiz by. Bring the power of Immerse to your Logitech G headset and turn your ears into lethal weapons.

FAQ

What devices can I use the Logitech G PRO X Wired Gaming Headset with?

This headset is compatible with PCs that have a USB port and Windows 7 or later. Using the included USB external sound card enables advanced features on supported PCs.

Does this headset support surround sound?

Yes, when used with compatible Logitech G HUB software on PC, DTS Headphone:X 2.0 object based surround sound can be enabled for more immersive gaming audio.

What is the pickup pattern of the microphone?

The detachable pro microphone uses a cardioid pickup pattern which focuses on your voice while reducing ambient noise for clear communication.

Can I replace the ear pads?

Yes, the headset includes both memory foam leatherette and cloth ear pads allowing you to choose based on comfort preference.
