Performance tier:Premium

Uses:Microsoft Teams meetings, video conferencing, office communication, remote work, hybrid work, business calls, online collaboration, music listening

Overview:

Logitech Zone Wireless 2 ES for Business Bluetooth Headset Overview:

The Logitech Zone Wireless 2 ES for Business is a professional wireless headset designed to improve focus, communication, and comfort in modern workplaces. Built for open offices and hybrid working environments, this Microsoft Teams Certified headset combines adaptive hybrid active noise cancellation, AI-powered noise reduction microphones, and high-quality 40 mm audio drivers to deliver clear conversations and immersive sound.

With reliable Bluetooth connectivity, USB-C charging, and support for leading collaboration platforms, the Zone Wireless 2 ES helps users stay productive while reducing distractions. The graphite headset includes a receiver and is designed for businesses that require dependable audio performance for meetings, calls, and everyday communication.

Description:

The Logitech Zone Wireless 2 ES for Business Bluetooth Headset provides advanced audio technology for professional users who need clear voice communication and comfortable all-day use. The headset uses dual noise-canceling microphones with AI-based algorithms to reduce background noise, while adaptive ANC adjusts automatically to surrounding sounds. Large 40 mm drivers deliver rich audio quality for meetings, calls, and music, making it a versatile choice for office environments.

Features:

Professional Audio Performance for Business Communication

Designed for demanding work environments, the Logitech Zone Wireless 2 ES helps users remain focused during calls and meetings. The adaptive hybrid ANC technology reduces surrounding distractions, allowing users to concentrate even in busy offices.

The AI-enhanced microphone system improves voice clarity by filtering out unwanted background sounds such as nearby conversations and keyboard noise. The headset meets Microsoft Teams Premium Microphone for Open Office requirements, making it suitable for professional collaboration.

Key audio capabilities include:

- 40 mm speaker drivers for detailed sound with enhanced bass and clarity

ComX Computers

Product Specification Sheet

- Dual noise-canceling microphones with AI-based algorithms
- Adaptive hybrid active noise cancellation for changing environments
- Mic EQ customization through Logi Tune software
- G616 compliant and ADA hearing aid compatible design

Flexible Connectivity and Device Support

The Zone Wireless 2 ES provides convenient connection options for different working styles. Users can connect through the included USB receiver or use native Bluetooth compatibility for a dongle-free setup.

The headset works seamlessly with popular collaboration platforms, including Microsoft Teams, Zoom, and Google Meet. Smart enumeration technology helps prevent accidental audio selection by keeping the USB receiver hidden from video applications when the headset is not active.

Connectivity options include:

- Bluetooth wireless connection
- USB-C charging connection
- Included wireless receiver
- Dual device connectivity for switching between computer and mobile devices

Comfort Designed for Long Work Sessions

Built for extended daily use, the Logitech Zone Wireless 2 ES features a lightweight headset design with a balanced headband structure that distributes pressure evenly. The adjustable headband, rotating earcups, and flexible 270 degree microphone boom allow users to customize the fit for maximum comfort.

Replaceable components such as ear pads and the headset strap help extend the product lifespan. The battery can also be replaced when required, helping businesses maintain long-term headset usability.

Smart Management for Business IT Teams

The Logitech Zone Wireless 2 ES supports simplified device management through Logitech Sync. IT administrators can securely deploy firmware updates from the cloud, helping ensure headsets remain updated without requiring user intervention.

Businesses can also customize headset settings using Logi Tune, including ANC levels, microphone settings, and audio preferences across desktop and mobile devices.

Battery Life and Charging

The built-in lithium-ion battery provides dependable power for a full working day. The headset supports USB-C charging for convenient recharging in office or remote work environments.

Battery performance:

- Up to 20 hours of talk time
- Up to 25 hours of listening time
- USB-C charging support
- Optimized charging options available through Logi Tune

Sustainable Business Headset Design

The Logitech Zone Wireless 2 ES is designed with sustainability in mind. The headset includes recycled materials, including a minimum of 50% post-consumer recycled plastic in selected components, recycled rare earth metals in magnets, recycled cobalt in battery materials, and recycled plastic fabric in the travel bag.

The product is also TCO Certified Generation 10 for headsets, meeting strict sustainability requirements covering environmental impact, responsible materials, and supply chain practices.

Ideal Applications for the Logitech Zone Wireless 2 ES

This wireless business headset is suitable for professionals who need reliable audio quality and noise reduction in everyday work environments.

Common uses include:

- Microsoft Teams meetings and business calls
- Open office communication
- Remote and hybrid working
- Video conferencing
- Customer support and collaboration tasks
- Listening to music during work sessions
