Specifications

Overview Summary:

Experience professional-grade audio with the Logitech PRO X3 LIGHTSPEED Wireless Gaming Headset in sleek black, now available for gamers across South Africa. This premium headset delivers studio-quality communications and precise 7.1 surround sound powered by 50mm graphene drivers, ensuring you never miss a crucial detail during intense matches.

Designed for comfort during extended sessions, it features memory foam velour ear pads and an impressive battery life of up to 70 hours. Whether you are playing on PC or console, the dual connectivity options via LIGHTSPEED USB receiver or Bluetooth provide seamless performance with zero lag. Secure your edge in the game today by buying now.

Performance tier: Professional Esports

Uses: Competitive gaming, voice chat, streaming, music listening, console play

Overview:

Elevate your competitive edge with the Logitech PRO X3 LIGHTSPEED Wireless Gaming Headset, designed for players who demand studio-quality audio and crystal-clear communication. This premium headset combines high-fidelity sound from 50mm PRO-G GRAPHENE drivers with a full bandwidth microphone to ensure you never miss a detail or command. Whether you are coordinating a squad in the heat of battle or enjoying immersive single-player experiences, the PRO X3 delivers precise spatial audio and maximum comfort for extended gaming sessions.

The headset is built around Logitech's proprietary LIGHTSPEED wireless technology, offering a lag-free connection with up to 70 hours of battery life. It seamlessly integrates Bluetooth connectivity, allowing you to connect to mobile devices or PC simultaneously without interruption. The durable construction utilizes aluminum and high-quality materials to ensure longevity while maintaining a sleek, professional aesthetic suitable for any gaming setup.

Description:

The Logitech PRO X3 LIGHTSPEED headset delivers an unparalleled audio experience tailored for esports professionals and audiophiles alike. It features studio-quality communication via a full bandwidth omnidirectional microphone that captures the richness of your voice, enhanced by Blue VO!CE settings in G HUB software. The 50mm PRO-G GRAPHENE drivers provide breakthrough spatial sound with reduced distortion, while the customizable 10-band parametric EQ allows you to tune the audio profile exactly to your preference. Designed for peak performance, this headset ensures you can command and respond with crystal clarity throughout marathon gaming sessions.

Features:

Key Features:

- LIGHTSPEED Wireless technology for ultra-low latency gaming on PC and PlayStation 5
- Bluetooth 5.3 connectivity for simultaneous audio streaming from mobile devices
- 50mm PRO-G GRAPHENE drivers for precise spatial sound and timing accuracy
- Full bandwidth omnidirectional microphone with studio-quality clarity
- Up to 70 hours of battery life on a single charge
- Customizable 10-band parametric EQ via G HUB software
- Premium memory foam velour ear pads for maximum comfort

Technical Specifications:

The PRO X3 LIGHTSPEED is engineered with rigorous attention to detail, ensuring it meets the demands of high-level competition. The headset utilizes a robust aluminum headband and premium materials including PU, polyester, and plastic to maintain structural integrity over time.

- Driver: 50 mm PRO-G GRAPHENE
- Frequency Response (Headphone): 20 Hz - 20 kHz
- Impedance: 38 Ohm
- Sensitivity: 87.8 dB @ 1 mW / 1 cm
- Microphone Frequency Response: 75 Hz - 20 kHz
- Battery Play Time: Up to 70 hours
- Wireless Range: Up to 30 meters
- Bluetooth Version: 5.3
- Dimensions (Height x Width x Depth): 176 mm x 189 mm x 95 mm
- Total Weight: 356 g

This model, identified by part number 981-001740 for the Black colorway, supports both Windows and macOS with an available USB 2.0 port or PlayStation 5 gaming console. For Bluetooth functionality, it requires devices supporting Bluetooth 5.0 or greater. FAQ

What connectivity options are available for the PRO X3 LIGHTSPEED headset?
The PRO X3 LIGHTSPEED offers versatile connectivity, including a USB-A LIGHTSPEED Wireless adapter for low-latency gaming on Windows, macOS, or PlayStation 5, Bluetooth 5.3 for compatible mobile devices and PCs, and a 3.5mm AUX cable option.

How long does the battery last during gameplay?
Users can enjoy up to 70 hours of play time on a single charge, ensuring you stay connected throughout extended gaming sessions without interruption.

Is the microphone suitable for professional team communication?
Yes, the detachable omnidirectional full bandwidth microphone captures voice at 48 kHz/16 bit for studio-quality clarity and can be further enhanced with BLUE VO!CE settings via G HUB software.

What audio technology does this headset use to ensure precision sound?
The headset features 50mm PRO-G GRAPHENE drivers that deliver precise spatial sound and timing accuracy while minimizing distortion, along with a tunable 10-band parametric EQ for custom sound preferences.

What are the system requirements for using LIGHTSPEED wireless connectivity?
To use the LIGHTSPEED wireless connection, you need a Windows or macOS device with an available USB 2.0 port, or a PlayStation 5 gaming console; Bluetooth features require devices supporting version 5.0 or greater.

Does the package include accessories for travel and comfort?
The box includes memory foam velour ear pads for maximum comfort during long sessions and a soft storage bag to protect your PRO X3 LIGHTSPEED headset when you are on the go.
