Take control of your sound with the Logitech G HUB software and unlock custom EQ settings tailored to your playstyle. Don't wait, buy now to elevate your competitive edge.

Performance tier: High-End Gaming

Uses: Competitive gaming, voice chat, streaming, music production, virtual meetings

Overview:

The Logitech PRO X3 LIGHTSPEED Gaming Headset in Magenta (Part Number: 981-001756) is engineered for competitive gamers who demand studio-quality audio and crystal-clear communication. Combining the speed of LIGHTSPEED wireless technology with versatile Bluetooth connectivity, this headset allows you to connect to both your gaming device and mobile phone simultaneously without lag or interference.

Designed for extended play sessions, the PRO X3 features plush memory foam velour ear pads that ensure maximum comfort while maintaining a secure fit. The headset delivers high-definition sound through 50mm PRO-G graphene drivers, providing precise audio details that help you locate enemies and react faster than ever before.

Description:

This Magenta edition of the PRO X3 LIGHTSPEED headset blends performance with style, offering a premium gaming experience. Key benefits include studio-quality voice clarity via the full bandwidth microphone, customizable sound tuning through 10-band EQ in G HUB software, and an impressive battery life that supports up to 70 hours of gameplay. The included soft storage bag ensures your gear stays protected when you are on the move.

Features:

Key Features:

- LIGHTSPEED Wireless technology for lag-free gaming with a range of up to 30 meters
- Dual connectivity allowing simultaneous use of LIGHTSPEED and Bluetooth 5.3 devices
- Full bandwidth microphone capturing voice at 48 kHz/16 bit for studio-quality comms
- Blue VO!CE software settings available via G HUB for enhanced voice clarity
- 50mm PRO-G graphene drivers for precise spatial audio and reduced distortion
- Long-lasting battery life providing up to 70 hours of continuous use
- Premium build materials including aluminum and durable plastic construction

AUDIO AND COMMUNICATION EXCELLENCE

The PRO X3 LIGHTSPEED enhances both audio playback and communication capabilities to high-definition standards. The headset utilizes 50mm PRO-G graphene drivers, a breakthrough design that delivers precise spatial sound and timing accuracy while significantly reducing audio distortion. This allows you to respond quickly to in-game audio cues with pinpoint precision.

For team coordination, the detachable full bandwidth microphone captures your voice with rich detail. Operating at 48 kHz/16 bit, this omnidirectional mic ensures studio-quality articulation. You can further refine your voice using Blue VO!CE settings within the Logitech G HUB software to eliminate background noise and enhance clarity.

SPECIFICATIONS AND TECHNICAL DETAILS

The headset is built for durability and performance across multiple platforms including Windows, macOS, and PlayStation 5. Below are the detailed technical specifications for this model.

- Driver Size: 50 mm PRO-G GRAPHENE
- Frequency Response (Headphones): 20 Hz - 20 kHz
- Impedance: 38 Ohm
- Sensitivity: 87.8 dB @ 1 mW / 1 cm
- Microphone Frequency Response: 75 Hz - 20 kHz
- Battery Play Time: Up to 70 hours
- Connectivity Types: LIGHTSPEED Wireless, Bluetooth 5.3, and 3.5mm AUX
- Dimensions: Height 176 mm, Width 189 mm, Depth 95 mm
- Weight: 356 grams

FAQ

Is the Logitech PRO X3 LIGHTSHEAD headset compatible with my gaming console?
The headset works with PlayStation 5 via the included USB-A adapter, and supports Windows or macOS computers with a

USB 2.0 port for full features.

How long does the battery last during gameplay?
You can enjoy up to 70 hours of playtime on a single charge, ensuring you stay connected throughout long gaming sessions without interruption.

Does this headset support Bluetooth for mobile devices or music listening?
Yes, it features Bluetooth 5.3 connectivity alongside the LIGHTSPEED wireless USB receiver and a 3.5mm AUX jack for wired connections to compatible devices.

What is included in the box with the Magenta version of this headset?
The package contains the PRO X3 headset, memory foam velour ear pads, a detachable full bandwidth microphone with windscreen, a USB-A LIGHTSPEED adapter, USB cables, a 3.5mm cable, and a soft storage bag.

Can I customize the audio settings for different game genres?
Absolutely; the headset includes a 10-band parametric EQ tunable to your preference via G HUB software on Windows or macOS for precise sound control.
