HP 320K Wired Desktop Keyboard - USB

Product Overview

HP 9SR37UT 320K Wired Desktop Keyboard - USB, 180 cm cable length, Full size 3-zone layout Keyboard Type, Plunger 2.0 mm Low Profile key Travel, Copilot special key, USB Type-A Port

Specifications

Overview Summary:

The HP Wired Desktop 320K Keyboard is a reliable, everyday keyboard designed to keep you productive at home or in the office. Its full-size layout with number pad offers familiar, comfortable typing, while low-profile quiet keys make long work sessions easier and more efficient.

With simple USB plug-and-play connectivity and a dedicated Copilot key for quick access to AI-powered assistance, this keyboard fits seamlessly into modern Windows setups. Durable, easy to clean, and built for daily use, it's a practical choice for anyone looking to buy now and upgrade their workstation with confidence.

Performance tier:Entry-level productivity

Uses:Office work, home computing, typing, data entry, everyday productivity

Overview:

HP Wired Desktop 320K Keyboard (9SR37UT) is built to support everyday work, study, and home office use with a clean, practical design that focuses on comfort, reliability, and efficiency. Its slim profile and familiar full-size layout make it easy to transition from older setups while improving desk space and typing flow. With a stable wired USB connection and quiet low-profile keys, it delivers consistent performance for long typing sessions without unnecessary distractions.

Description:

The HP Wired Desktop 320K Keyboard offers a comfortable full-size 3-zone layout with low-profile plunger keys designed for quiet, accurate typing. A dedicated Copilot key provides instant access to Microsoft Copilot for smarter productivity, while the wired USB Type-A connection ensures dependable plug-and-play use. Built for daily environments, it supports easy cleaning, long key life, and sustainable materials, making it a practical choice for modern Windows-based systems.

Features:

Designed with comfort in mind

This reduced-height design helps keep wrists in a more natural position during extended use. The low-profile keys deliver a smooth and quiet typing experience, supported by a 2.0 mm key travel that balances speed and control. A full numeric keypad and clearly spaced arrow keys maintain productivity for both office tasks and data entry, while the adjustable 6-degree tilt allows users to fine-tune their typing angle.

Simple setup, dependable connection

Setup is fast and straightforward with plug-and-play USB connectivity. Just connect to an available USB Type-A port and start working immediately, no drivers required. Built-in LED indicators provide clear visual feedback for Caps Lock and Num Lock, helping reduce typing errors and interruptions.

Built for everyday cleanliness

Daily use naturally leads to dust and buildup, but this model is designed to handle routine cleaning with approved disinfecting wipes. This makes it well suited for shared workspaces, offices, and home desks where hygiene and maintenance matter.

Smarter work with one key

A dedicated Copilot key gives quick access to Microsoft Copilot, allowing users to streamline tasks, generate ideas, search the web, and collaborate more efficiently. It is a practical addition for users working across documents, apps, and creative tools within Windows environments.

Key technical details at a glance

- Full-size 3-zone layout with numeric keypad
- Low-profile plunger keys with 2.0 mm travel
- Dedicated Copilot special key
- USB Type-A wired connection with 180 cm cable
- Quiet typing with long-lasting key durability rated for 10 million keystrokes

Compatibility and system support

This model is compatible with PCs running Windows 11 or Windows 10 and requires an available USB Type-A port. Its straightforward design makes it suitable for desktops, workstations, and laptops used in fixed setups.

Dimensions and physical details

The slim frame measures 426.2 x 110.9 x 16.7 mm and weighs approximately 450 g, providing a stable feel on the desk without adding bulk. Packaging is compact for easy storage and transport.

Sustainability and materials

Made with 75 percent post-consumer recycled plastic and fully recyclable packaging, this model supports environmentally conscious purchasing without compromising durability or performance.

What is included

- Wired keyboard
- R.E.D. RTF card
