Specifications

Overview:

XZ PRO TWS APTX QC5.3 DSP IPX ANC BLACK

Touch Control: Effortlessly manage modes, music playback, and calls with a simple tap on the earbuds. IPX4 Rating: Sweat and water resistance, providing protection against water splashes from all directions. Adaptive aptX: Experience high-quality audio streaming with adaptive aptX technology, enhancing your listening experience.

SKU: A10612-B

Experience complete control and convenience with our cutting-edge earbuds. With touch control functionality, managing your mode, music playback, and calls is as simple as a tap on the earbuds, offering seamless navigation at your fingertips. Plus, enjoy the ultimate immersive experience with our Hybrid ANC technology, providing true adaptive noise cancellation that adapts to your environment for crystal-clear sound quality.

Designed with both functionality and style in mind, our earbuds boast an IPX4 rating, ensuring sweat and water resistance to withstand even the toughest workouts or unexpected rain showers. The sleek and ergonomic design not only provides a comfortable fit for extended wear but also adds a touch of sophistication to your look.

Say goodbye to battery anxiety with our long-lasting playtime. With up to 7 hours of playback with ANC off and up to 5 hours with ANC on, you can enjoy uninterrupted entertainment throughout the day. Plus, our earbuds offer multi-pairing capability, allowing you to connect to two devices simultaneously, so you can effortlessly switch between your phone and tablet without missing a beat.

Experience the best of both worlds with our Transparency Mode feature, enabling you to listen to audio from your earbuds while remaining aware of the surrounding environment. Whether you're commuting through busy streets or working out in the gym, stay connected and aware with our innovative technology. With adaptive aptX, enjoy high-quality audio streaming that adapts to your connection for an enhanced listening experience.
