A31PLUS-WH

Asus A31 Plus White ATX Gaming Chassis

Product Overview

Asus A31 Plus White ATX Gaming Chassis

Specifications

Features:

- Ready for Hidden Connectors: Built for motherboards featuring hidden connectors to optimize cable management for a clutter-free setup.
- Broad Compatibility: The A31 PLUS supports up to 360mm radiators combined with fans of up to 80mm thick, plus graphics cards up to 380mm in length and CPU air coolers with heights of up to 165mm.
- Panoramic Design: Tempered glass panels on the front and side offer unobstructed views of the main chamber.
- 8 degrees Angled Base: The golden angle combines functionality and aesthetics, enhancing airflow efficiency for better thermal performance while widening the viewing angle for a more immersive experience.

Discover Hidden Potential
The ASUS A31 PLUS is a PC case crafted for minimalist mainstream DIY PC builders. It supports a variety of AIO coolers and graphics cards, and easily accommodates motherboards with hidden connector designs, ensuring a clean, clutter-free setup.

Ready for Hidden Connectors
In addition to providing a clean PC build experience, the A31 PLUS is compatible with the ROG MAXIMUS Z790 HERO BTF, a motherboard that features innovative hidden connectors and headers located on the underside to maximize clean cable management.

Broad Compatibility
The A31 PLUS ATX case supports up to 360mm radiators, graphics cards up to 380mm in length, and CPU air coolers up to 165mm in height, giving builders plenty of options while assembling their next PC.

Boundless Panoramic Views
Experience a seamless view unobstructed by a front pillar, offering an unparalleled visual display of the internal components and ensuring your build shines from every angle.

Capable Cooling
The A31 PLUS provides 80mm of clearance for AIO coolers at the top, allowing for thicker radiators and larger fans. Four

pre-installed ARGB fans also enhance cooling performance.

8 degrees Angled Base
The 8 degrees angle of the base integrates functionality and elegance, promoting efficient cooling and offering a wider view for maximum immersive experiences. The base design is also ideal for showcasing your system's personalized style and ARGB effects.

Cable Management
The A31 PLUS provides a compartment behind the motherboard that is 34mm wide to help keep cables tucked away and tidy.

Color-Coordinated Builds
Both variants of the A31 PLUS come with color-coordinated black or white internal I/O cables to compliment any build theme.
