Astrum UB318 USB 3.0 Male to Male 1.8m Printer Cable

Product Overview

Astrum UB318 USB 3.0 Male to Male 1.8m Printer Cable, Usb am male - bm male, USB3.0, Printer / device cable for multi use, 1.8 Meter, Black

Specifications

About this product

The Astrum A34704-B UB318 USB 3.0 Male to Male Printer Cable is a high quality 1.8m USB Type-A to Type-B cable designed for reliable high speed connectivity between a computer and compatible USB devices such as printers, scanners and external storage devices. Supporting USB 3.0 transfer speeds of up to 5Gbps and backward compatibility with USB 2.0 and USB 1.1, it delivers dependable performance for home and office use. Buy now from our website for quick delivery in South Africa.

Overview Summary

Astrum UB318 USB 3.0 Type-A to Type-B Printer Cable 1.8m

The Astrum UB318 is a premium USB 3.0 device cable designed to connect computers and laptops with USB Type-B peripherals including printers, scanners and selected external storage devices. With support for SuperSpeed USB 3.0 data transfer rates up to 5Gbps, it enables fast and reliable communication between compatible devices while maintaining

backward compatibility with older USB standards.

Built with copper conductors, triple braided shielding, durable PVC insulation and nickel plated connectors, the cable is engineered for stable signal transmission and long service life. Its 1.8 meter length provides convenient placement of connected devices while the plug and play design allows immediate operation without additional software.

Performance tier: Mainstream USB 3.0 Connectivity

Uses: Printers, scanners, external hard drives, USB peripherals, office workstations, home computers

Overview

Quality USB 3.0 AM to BM printer cable perfect for laserjet printers, inkjet printers, scanners, and other devices. Supports up to 5Gbps super speed data transfer.

Description

The Astrum UB318 USB 3.0 printer cable provides a dependable connection between a computer and compatible USB Type-B devices. Designed for high speed USB 3.0 communication, it supports transfer rates of up to 5Gbps for compatible hardware while remaining compatible with USB 2.0 and USB 1.1 devices.

The cable features copper conductors with triple braided shielding to help reduce electromagnetic and radio frequency interference for stable signal quality. Nickel plated connectors improve durability and conductivity, while the PVC outer jacket provides protection during everyday use. With a convenient 1.8 meter length, the cable offers flexible installation for office, home and professional environments.

Features

The Astrum UB318 combines reliable construction with fast USB 3.0 performance for everyday peripheral connectivity.

- USB 3.0 Type-A male to Type-B male cable
- Supports transfer speeds up to 5Gbps
- Backward compatible with USB 2.0 and USB 1.1
- Ideal for printers, scanners and compatible USB devices
- Nickel plated connectors for improved durability
- Copper conductors for reliable signal transmission
- Triple braided shielding helps reduce EMI and RFI interference
- Durable PVC outer jacket
- Plug and play operation with no drivers required
- 1.8 meter cable length for flexible installation

What's in the Box

- 1 x Astrum UB318 USB 3.0 Type-A Male to Type-B Male Printer Cable 1.8m

Specifications

- Brand: Astrum
- Model: A34704-B
- Product: UB318
- Cable type: USB 3.0 Type-A Male to Type-B Male
- USB standard: USB 3.0
- Maximum transfer speed: Up to 5Gbps
- Backward compatibility: USB 2.0 and USB 1.1

- Cable length: 1.8m
- Cable material: PVC
- Conductor: Copper
- Shielding: Triple braided shielding
- Connector finish: Nickel plated
- Cable OD: 3.5mm
- Applications: Printers, scanners, external hard drives and compatible USB Type-B devices
- Colour: Black
- Installation: Plug and play

FAQ

What devices are compatible with the Astrum UB318 USB 3.0 cable?

The cable is designed for USB Type-B devices including many printers, scanners and compatible external storage devices with a USB Type-B port.

Does this cable support USB 3.0 speeds?

Yes. It supports USB 3.0 transfer speeds of up to 5Gbps when used with compatible devices and ports.

Can this cable be used with USB 2.0 devices?

Yes. The cable is backward compatible with USB 2.0 and USB 1.1 equipment.

Does the cable require software or drivers?

No. The cable supports plug and play operation and does not require additional software for normal use.

What is the cable length?

The cable measures 1.8 meters, making it suitable for most desktop and office installations.
