Astrum A90551-B CL510 65W Home Laptop Charger for HP

Product Overview

Astrum A90551-B CL510 65W Home Laptop Charger for HP; 65W; AC 100-240V 1.5A 50/60Hz; DC 19.5V 3.33A; 4.5 x 3.0mm blue pin; Smart IC protection; fluctuation absorption; flame retardant housing; HP compatible notebooks; 114 x 50 x 31mm; 200g

Specifications

About this product

The Astrum A90551-B CL510 65W Home Laptop Charger for HP is a high quality replacement AC power adapter designed for compatible HP notebooks. Delivering a stable 19.5V DC 3.33A output through a 4.5 x 3.0mm blue tip connector, it features built-in Smart IC protection, fluctuation absorption technology, and flame retardant construction for reliable everyday charging. Buy now from our website for dependable HP laptop power and quick delivery in South Africa.

Overview Summary

Astrum A90551-B CL510 65W Home Laptop Charger for HP

The Astrum CL510 is a replacement laptop charger engineered for compatible HP notebook computers requiring a 19.5V DC power supply with a 4.5 x 3.0mm blue pin connector. It provides a consistent 65W output for reliable charging at home or in the office while helping protect your notebook through integrated Smart IC technology.

Designed with flame retardant materials and fluctuation absorption technology, the charger delivers stable power while protecting against electrical irregularities. Its universal 100-240V AC input makes it suitable for everyday use in homes, offices and while travelling with the appropriate mains cable.

Performance tier:Reliable everyday replacement charger

Uses:Charging HP laptops, replacement power adapter, home office use, business notebooks, education, travel spare charger

Overview

Quality replacement home and office wall charger for HP laptops with 19.5V, 3.34A output, 4.5mm x 3.0mm blue pin support, fireproof plastic and smart over-charge IC.

Description

ComX Computers

Product Specification Sheet

The Astrum A90551-B CL510 is designed as a dependable replacement charger for compatible HP notebook computers. It delivers a regulated 19.5V DC output at up to 3.33A, providing the correct power required by supported HP laptops while maintaining stable charging performance.

Integrated Smart IC control continuously manages power delivery to help protect connected devices from overcharging, overheating and electrical faults. Fluctuation absorption technology further improves charging stability by reducing the effects of inconsistent input power.

Built using flame retardant materials, the charger is suitable for daily use at home, in the office or as a spare charger for travel. Its compact design makes it easy to carry while maintaining the reliability expected from a dedicated replacement laptop power adapter.

Features

The Astrum CL510 provides safe and reliable charging for compatible HP notebooks using quality components and integrated protection technology.

- 65W replacement AC charger for compatible HP laptops
- 19.5V DC 3.33A regulated output
- 4.5 x 3.0mm blue pin connector
- Built-in Smart IC control for accurate power delivery
- Fluctuation absorption technology
- Flame retardant 94 V-0 grade housing
- 100-240V AC worldwide input support
- Compact design for home and office use

What's in the Box

- 1 x Astrum CL510 65W Home Laptop Charger for HP

Specifications

- Brand: Astrum
- Model: A90551-B CL510
- Product type: Replacement laptop charger
- Compatible brand: HP notebooks with compatible 4.5 x 3.0mm power connector
- Maximum output power: 65W
- Input voltage: AC 100-240V
- Input current: 1.5A
- Input frequency: 50/60Hz
- Output voltage: 19.5V DC
- Output current: 3.33A
- Connector size: 4.5 x 3.0mm blue pin
- Protection: Smart IC protection
- Additional protection: Fluctuation absorption technology
- Housing: Flame retardant 94 V-0 grade material
- Dimensions: 114 x 50 x 31mm
- Weight: 200g

FAQ

Is the Astrum CL510 compatible with all HP laptops?

ComX Computers

Product Specification Sheet

Compatibility depends on your laptop requiring a 19.5V DC power supply with a 4.5 x 3.0mm blue pin connector and a maximum power requirement of 65W.

Can this charger replace an original HP charger?

Yes. It is designed as a replacement charger for compatible HP notebooks with matching voltage, connector size and power requirements.

Does the charger include safety protection?

Yes. It features built-in Smart IC protection and fluctuation absorption technology to help provide stable and safe charging.

Can I use this charger while travelling?

Yes. The 100-240V AC input supports use in many countries with the appropriate mains power cable or travel adapter.

What connector does this charger use?

The charger uses a 4.5 x 3.0mm blue pin connector designed for compatible HP notebook models.
