Thermaltake Riing RGB Controller Cable

Product Overview

Thermaltake Riing RGB Controller Cable

Specifications

Overview:

Customize your system build with the Thermaltake Riing RGB Controller Cable. By connecting multiple smart fan controllers at the same time, the cable offers users more flexibility for easy operation and installation.

Features:

Smart Fan Controller
A self-contained fan controller can switch between 5 LED modes including solid colors of red, blue, white, green or disable and cycle through 256 colors. Play/Pause functions allow users to cycle colors (color remains unchanged even after the PC has been turned off or rebooted) with speed control options reduce noise even more all from your fingertips.

Installation Guide

- Step 1. Make the two smart fan controllers in the same setting mode.
- Step 2. Use Riing RGB Controller Cable to connect the two smart fan controllers
- Step 3. Done, users can use any one of the smart fan controller to operate all the Riing RGB fans.
