Overview:

Acconet 1U 500mm Fixed Shelf for 800mm Deep Cabinets
Acconet brings a durable and practical solution for organizing equipment in 18U, 27U, and 42U server racks with its 1U 500mm fixed shelf. Designed for 800mm deep cabinets, this shelf provides reliable support for networking devices, servers, and other IT equipment, keeping your setup neat and accessible.

This fixed shelf is built with sturdy materials and a sleek black finish, offering both strength and style for professional server environments. Its 1U height and 500mm depth make it a versatile choice for standard racks, supporting your hardware securely while maximizing space efficiency.

Features:

Durable Rack Shelf for Reliable Support

The Acconet 1U fixed shelf is crafted to handle the weight of various IT devices safely. It offers a stable platform within 800mm deep cabinets, reducing clutter and enhancing airflow around your equipment. Ideal for both home labs and enterprise data centers, this shelf ensures your hardware stays organized and secure.

Compact and Efficient Dimensions

- Width: 48cm
- Depth: 50cm
- Height: 4cm
- Weight: 2.55kg

Its compact size fits seamlessly into standard racks while leaving ample room for cable management and additional devices.

Easy Installation and Compatibility

This shelf is compatible with 18U, 27U, and 42U cabinets, making it a flexible addition to your rack setup. Installation is straightforward, allowing you to add or adjust shelves without complicated tools.

Why Choose the Acconet Fixed Shelf

- Supports networking and server equipment securely
- Fits standard 800mm deep cabinets
- Sturdy construction with a professional black finish
- Lightweight yet strong, supporting a range of devices
- Quick installation for efficient setup
