AccoNet Uplink cable LC-LC APC 30m

Product Overview

AccoNet Uplink cable LC-LC APC 30m, 2 Core, G657A2, Single Mode, Indoor

Specifications

Overview Summary:

The AccoNet LC-LC APC 30m single mode indoor uplink cable delivers premium fiber connectivity for high-speed and low-loss data transmission. Designed with G657A2 single-mode fiber and LC-LC APC connectors, it provides excellent signal integrity, reliability, and durability for professional indoor networks. Whether used in enterprise environments, telecom setups, or data centers, this cable ensures stable performance for demanding applications. Shop now and experience superior optical connectivity from AccoNet.

Performance tier: Professional

Uses: Enterprise networking, telecom systems, data centers, indoor fiber installations, high-speed data links

Overview:

AccoNet Uplink Cable LC-LC APC 30M - 2 Core Single Mode Indoor Fiber Cable
Acconet's 30-meter LC-LC APC uplink cable is a high-quality fiber optic solution designed for seamless indoor network connections. Built with G657A2 single-mode fiber, it ensures reliable, low-loss data transmission and excellent signal stability for demanding networking environments.

Description:

This 30m AccoNet uplink cable offers a dependable single-mode fiber connection for indoor installations. With LC-LC APC connectors and G657A2 fiber technology, it provides high performance, low attenuation, and secure connectivity. Ideal for professional network setups, it delivers consistent data transfer speeds and superior optical signal quality, making it suitable for enterprise, telecom, and data center use.

Features:

Key Details

- LC-LC APC connectors
- 30-meter length
- 2 Core G657A2 single-mode fiber
- Designed for indoor installations
- Reliable low-loss signal performance

Product Dimensions and Weight

- Width: 15 cm
- Length: 15 cm
- Height: 3 cm
- Weight: 322 g

Manufacturer and Product Codes

- Manufacturer SKU: SPP-GJXH-LC-LC-AA-2A2-30H

This AccoNet LC-LC APC cable provides a compact, durable, and high-performance fiber link ideal for modern network environments requiring stable, high-speed data transmission.
