Specifications

About this product

The AENO DB7 Sonic Electric Toothbrush in white delivers effective daily oral care with up to 30000 vibrations per minute and three cleaning modes: Soft, Clean and White. Designed with an IPX7 water-resistant body, an 800mAh rechargeable battery offering up to 100 days of use per charge, a 2-minute brushing timer and 30-second zone reminders, it helps make brushing more convenient and consistent. The brush head features premium DuPont bristles and a replacement reminder, while two decorative stickers let children personalise their toothbrush. Buy the AENO DB7 Sonic Electric Toothbrush online for convenient oral care at home or while travelling in South Africa.

Overview Summary

AENO DB7 Sonic Electric Toothbrush - White

The AENO DB7 is a rechargeable sonic electric toothbrush designed to support everyday oral hygiene for children and

families. It delivers up to 30000 vibrations per minute and offers three cleaning modes: Soft for a gentler brushing experience, Clean for everyday cleaning and White for a whitening-focused brushing routine. Its compact white design includes a brush head with DuPont bristles and an indicator to help identify when the head needs replacing.

The built-in 800mAh lithium-ion battery provides up to 100 days of operation on a full charge, depending on use and the selected mode. IPX7 water resistance supports convenient use around water, while the 2-minute timer and 30-second dental zone reminders help encourage a consistent brushing routine. Two included decorative stickers allow children to customise their toothbrush, making the DB7 a practical choice for daily oral care at home or during travel.

Performance tier: Everyday sonic electric toothbrush

Uses: Daily tooth brushing, children's oral hygiene, plaque removal, gentle brushing routines, whitening-focused brushing, travel oral care

Description

The AENO DB7 Sonic Electric Toothbrush combines high-frequency sonic vibrations with practical brushing features to support an effective daily oral care routine. With up to 30000 vibrations per minute, it helps clean tooth surfaces and along the gumline. Its three modes - Soft, Clean and White - provide options for different brushing preferences and needs.

The Soft mode is intended for a gentler brushing experience, while Clean supports everyday oral hygiene and White provides an alternative mode for users seeking a whitening-focused routine. The toothbrush includes a 2-minute timer with 30-second reminders to change the brushing zone, helping users distribute brushing time more evenly across the mouth.

Designed for convenient everyday use, the DB7 has an integrated 800mAh lithium-ion battery that offers up to 100 days of operation after a full charge, depending on usage and the selected mode. Recharging takes up to 4 hours using the supplied USB charging cable. The IPX7 water-resistance rating makes the toothbrush suitable for use around water when used according to the manufacturer's instructions.

The included brush head uses DuPont bristles and features a wear indicator to help signal when replacement is needed. A battery-level indicator helps users monitor remaining power, while two decorative stickers allow children to personalise the white toothbrush. With its practical features and rechargeable design, the AENO DB7 is suitable for daily oral care at home and when travelling.

Features

The AENO DB7 provides convenient sonic cleaning and brushing reminders in a rechargeable design.

- Sonic cleaning technology: Delivers up to 30000 vibrations per minute to help clean tooth surfaces and along the gumline.
- Three cleaning modes: Choose Soft, Clean or White to suit your brushing preference.
- Long battery life: The integrated 800mAh lithium-ion battery provides up to 100 days of use on a full charge, depending on usage and mode.
- IPX7 water resistance: Designed to withstand water exposure under the conditions defined by its protection rating.
- 2-minute brushing timer: Helps encourage a consistent brushing duration.
- 30-second zone reminders: Prompts users to move to another area of the mouth during brushing.
- Battery-level indicator: LED indicators help monitor the remaining battery charge.
- DuPont bristles: The included brush head uses quality bristles for everyday oral hygiene.
- Brush head replacement reminder: Indicator bristles help show when the brush head needs replacing.
- Personalisation stickers: Two decorative sticker sheets let children customise their toothbrush.
- USB charging: Recharge the toothbrush using the supplied USB charging cable.
- Travel-friendly design: Extended battery life reduces the need for frequent recharging while travelling.

Perfect for kids
Children's teeth need more gentle care. Up to 30 000 vibrations per minute are ideal for caring for children's teeth, do no harm, and the sonic technology cleans perfectly

3 cleaning modes
Choose the best mode for you: Soft, Clean or White depending on the specific need

Battery level indication
Keep track of your toothbrush's battery level with the LED indicator on the device body

x10 more effective than a manual brush
Sonic toothbrush removes far more plaque than a manual toothbrush from the surface of the teeth and along the gumline without damaging the gums or damaging the enamel

30 000 vibrations per minute
As a result of high-frequency vibrations at a speed of 30 000 movements per minute, oxygenated fine foam is formed from toothpaste and biological fluids inside the oral cavity, which penetrates into hard-to-reach places and removes plaque

DuPont - premium quality bristles
AENO toothbrushes use high-quality DuPont(TM) Tynex(RegTM) bristles, proven in the oral care industry for over 75 years. In clinical research, Tynex(RegTM) bristles show superior wear resistance and higher flex recovery than other materials. These bristles successfully cope with all the nuances: cleaning the interdental spaces and gums, removing plaque and antimicrobial treatment

Brush head change reminder
You will always know when to replace the brush head: as soon as the blue indicator bristles turn white, then the time has come

Up to 100 days without recharging
One full charge provides up to 100 days of daily use. Take your AENO toothbrush with you and maintain oral hygiene with comfort wherever you are!

Makes brushing more fun
Your child chooses how to customize their toothbrush and make it unique

What's in the Box

FAQ

What is the AENO DB7 Sonic Electric Toothbrush?

The AENO DB7 is a rechargeable sonic electric toothbrush with three cleaning modes and up to 30000 vibrations per minute for everyday oral hygiene.

What cleaning modes does the AENO DB7 offer?

It offers Soft, Clean and White modes, allowing users to select a gentler brushing option, everyday cleaning or a whitening-focused brushing mode.

How long does the AENO DB7 battery last?

A full charge provides up to 100 days of use, depending on brushing frequency and the selected mode. The manufacturer specifies a charging time of up to 4 hours.

Is the AENO DB7 waterproof?

The toothbrush has an IPX7 water-resistance rating. Follow the manufacturer's instructions for water exposure and charging, and do not charge the toothbrush while it is wet.

Does the AENO DB7 have a brushing timer?

Yes. It includes a 2-minute brushing timer and 30-second reminders to change the dental zone, helping users maintain a consistent brushing routine.

Is the AENO DB7 suitable for children?

The DB7 is marketed for children's oral care and includes two decorative sticker sheets. Select the appropriate cleaning mode and supervise younger children as needed. Consult a dental professional if you are unsure which toothbrush is suitable for your child.

When should the AENO DB7 brush head be replaced?

The brush head includes indicator bristles that change colour as the head wears. Replace the brush head when the indicator shows that replacement is needed, and follow the manufacturer's care guidance.

Can the AENO DB7 be used with braces?

The manufacturer lists braces among suitable use cases. Users with braces should follow their orthodontist's brushing advice and use the toothbrush carefully around brackets and wires.

What is included with the AENO DB7?

The package includes the toothbrush, one brush head, a USB charging cable, two decorative sticker sheets and a Quick Start Guide.

Which replacement brush heads are compatible with the AENO DB7?

The listed compatible replacement brush head model is ADBTH7-8. Confirm compatibility with the model number before purchasing replacement heads.
