Product Overview

Adata UV230 Blue 32Gb Flash Drive, capless design with side thumb sliding lid + integral strap mount - 55x22.1x9.5mm, read/write: 30/8 mb/sec (200x), support Linux, Mac OS, support free OStoGO + UFDtoGO + 60days trial Norton internet security

Specifications

Overview:

The UV230 features a sliding USB connector, which smoothly extends from the drive at the push of a thumb. The capless design eliminates the hassle of lost drive caps. It provides diverse capacities ranging from 16GB to 64GB, enabling you to share and store more. Available in two colors, black and blue, to better express your personal style.

Features:

Quick-slide capless design
The USB connector is concealed in the compact body, fully protected without the need for a drive cap. A simple thumb swipe forward makes it ready to use, and the reverse motion stows the connector for storage or travel.

Large storage capacity
The UV230 is offered in 16GB to 64GB. Users can choose the capacity they need to store thousands of documents, photos, songs, and movies - convenient for daily life and work.

An easy-go design with strap mount
For added safety and personalization, the UV230 includes a strap mount for attaching to your lanyard or keychain of choice.

Near universal compatibility
Listing the devices you can use the UV230 would take forever. PCs, tablets, smart TVs, in-car systems, game consoles, home entertainment systems, and many more.
