Description

The Feelive AF534T Crispy Dual Glass Digital Air Fryer is a versatile kitchen appliance designed to make everyday cooking more convenient. Its dual glass container configuration provides a 4L plus 1.5L capacity, offering flexibility when preparing different foods or managing meal portions. The transparent glass containers also allow users to view the food during cooking.

With 1500W of power and rapid hot air cooking technology, this air fryer is designed for preparing a variety of meals with reduced reliance on added oil. It is suitable for everyday dishes such as vegetables, meat, poultry and snacks, depending on the selected cooking mode and the food being prepared.

The digital touch control panel provides a convenient way to operate the appliance, while its 4-in-1 multifunction cooking modes offer flexibility for different cooking needs. The adjustable temperature reaches up to 200 degrees C, allowing users to select a suitable temperature for their chosen food.

The removable glass containers are designed to support convenient food handling, and their thermal shock-resistant construction is intended to help withstand temperature changes within the product's specified use conditions. Included storage lids make it practical to cover and store food, while the non-slip base helps keep the appliance stable on a suitable kitchen surface.

Combining digital controls, versatile cooking functionality and reusable glass containers, the Feelive AF534T is a practical option for households looking for a convenient air fryer for regular meal preparation.

Features

The Feelive AF534T combines convenient digital operation with flexible cooking functionality for everyday kitchen use.

- Dual glass container design: Features a 4L plus 1.5L configuration for flexible food preparation.
- 1500W high power: Provides powered hot air cooking for everyday meals and snacks.
- Rapid hot air cooking: Circulates hot air to cook suitable foods with reduced reliance on added oil.

- Included storage lids: Help cover food for convenient storage.
- Non-slip base: Helps provide stability on a suitable kitchen surface.
- Everyday cooking versatility: Suitable for preparing a range of foods, including snacks, vegetables, meat and poultry.

Feelive Crispy Dual Glass Digital Air Fryer 1500W - 4L & 1.5L Pots

Make everyday meals simple with the Feelive Crispy Dual Glass Digital Air Fryer AF534T. Enjoy four cooking modes, easy touch controls, and a clear view of your food. This 1500W glass air fryer comes with a 4L pot and a 1.5L pot. Choose the size that suits your meal. Prepare a quick snack or use the larger pot for bigger portions.

Watch Your Food Cook

The transparent glass cooking pots let you check your food as it cooks. Watch fries turn golden or see how your vegetables are browning. You can check progress without lifting the cooking unit. Both pots are made from borosilicate glass. This material is designed to resist heat and temperature changes. Follow the user manual for safe handling and cooling.

Fast Hot Air Circulation

The Feelive Crispy uses 1500W rapid hot air circulation to cook your food. Hot air moves around the ingredients to help create a crisp finish. Prepare many of your favourite foods with little or no added oil. The amount needed depends on the recipe. Enjoy a simple way to make fries, chicken, vegetables, and more.

Simple Digital Touch Controls

The digital touch control panel makes settings easy to adjust. Choose your cooking mode, set the temperature, and select the cooking time. Adjust the temperature up to 200degreesC to suit your recipe. The built-in timer helps you keep track of each batch. This digital air fryer puts everyday cooking controls within easy reach.

Two Pot Sizes for Flexible Portions

Use the 1.5L glass pot for smaller servings and snacks. Choose the 4L glass pot when you need more room. The two sizes give you more choice for daily meals. This makes the Feelive glass air fryer a useful option for individuals, couples, and families.

Easy Cleaning and Food Storage

The removable glass pots are easy to access for cleaning. Let all parts cool before handling or washing them. Follow the care instructions to keep each part in good condition. A storage lid is included for convenient food storage after cooling. The compact countertop design suits modern kitchens and apartments. A non-slip base helps keep the appliance stable during use.

FAQ

What is the capacity of the Feelive AF534T air fryer?

The Feelive AF534T features a dual glass container configuration of 4L plus 1.5L, providing flexibility for everyday food preparation.

How powerful is the Feelive AF534T digital air fryer?

The Feelive AF534T has a 1500W power rating and uses rapid hot air cooking technology to prepare a variety of foods.

What is the maximum temperature of the Feelive AF534T?

The air fryer's adjustable temperature reaches up to 200 degrees C, allowing users to select a suitable temperature for their chosen food.

Does the Feelive AF534T have digital controls?

Yes. The Feelive AF534T features digital touch controls for convenient operation and selection of its multifunction cooking modes.

Can the Feelive AF534T air fryer cook without oil?

The appliance uses oil-free cooking technology and rapid hot air circulation, allowing suitable foods to be prepared with little or no added oil, depending on the recipe.

Are the glass containers removable?

Yes. The Feelive AF534T features removable, thermal shock-resistant glass containers designed for convenient food handling within the product's intended operating conditions.

Does the Feelive AF534T include storage lids?

Yes. Storage lids are included to help cover food for convenient storage after preparation.

What foods can be prepared in the Feelive AF534T air fryer?

It is suitable for a variety of everyday foods, including vegetables, meat, poultry and snacks. Cooking results depend on the

food type, portion size, selected temperature and cooking mode.

Is the Feelive AF534T suitable for everyday home use?

Yes. Its digital touch controls, multifunction cooking modes, dual glass container configuration and adjustable temperature make it suitable for regular home meal preparation.

What should I check before using the glass containers?

Follow the manufacturer's operating and care instructions. Although the containers are described as thermal shock-resistant, avoid temperature changes beyond the manufacturer's specified limits and check that each container is suitable for the intended cooking and storage conditions.
