About this product

The **Astrum Ease Drift Purple Hybrid ANC BT6.0 Headphones AHDEDRIFTP** deliver immersive wireless audio with a 6-microphone hybrid Active Noise Cancelling system, deep bass, over-ear comfort and Bluetooth 6.0 connectivity. Enjoy up to 100 hours of playback, or up to 60 hours with ANC enabled, with AUX wired connectivity and USB-C charging for flexible everyday listening. Buy these purple ANC headphones from our website for work, travel, music and entertainment.

Overview Summary

Astrum Ease Drift Purple Hybrid ANC BT6.0 Headphones

The Astrum Ease Drift combines wireless Bluetooth 6.0 connectivity with a 6-microphone hybrid ANC system designed to reduce unwanted background noise and support clearer calls. The over-ear design provides cushioned comfort for extended listening, while the audio system is designed to deliver rich bass and detailed sound across a 20Hz-20kHz frequency range.

With an 800mAh Li-ion battery, the headphones provide up to 100 hours of playback without ANC and up to 60 hours with ANC enabled. USB-C charging provides convenient recharging, while AUX connectivity offers a wired listening option. The foldable design and lightweight construction make the Ease Drift suitable for home, office, travel and everyday entertainment.

Performance tier:Premium everyday wireless ANC

Uses:music, travel, work, calls, home entertainment, commuting

Overview

The Astrum Ease Drift delivers powerful silence and crystal-clear sound with its 6-microphone Active Noise Cancelling (ANC) system. Engineered for both music and calls, the 6-mic array ensures superior noise reduction and enhanced voice clarity. With Bluetooth 6.0 and AUX wired support, you get seamless playback across devices. Enjoy up to 100 hours of listening (60h with ANC), powered by a long-lasting 800mAh battery and USB-C fast charging. Designed with cushioned over-ear comfort, the Ease Drift is perfect for work, travel, and entertainment.

Description

The Astrum Ease Drift Purple Hybrid ANC BT6.0 Headphones are designed for listeners who want wireless freedom, long battery life and focused audio in a comfortable over-ear format. The headphones use a 6-microphone hybrid Active Noise Cancelling system to help reduce surrounding noise while supporting clearer voice communication during calls.

Bluetooth 6.0 provides wireless connectivity with a range of up to 10m, while AUX connectivity provides a wired alternative when required. The 40mm driver configuration is designed to provide deep bass and clear audio, with a stated frequency response of 20Hz-20kHz, sensitivity of 118.2 +/-3dB and impedance of 32 ohms +/-10 percent.

The 800mAh Li-ion battery provides up to 100 hours of playback and up to 60 hours when ANC is active. USB-C charging supports a charging time of approximately 2 hours. With cushioned over-ear construction, a foldable design and a product weight of 250g, the Ease Drift is suited to extended listening at home, in the office or while travelling.

Features

The Astrum Ease Drift combines active noise cancellation, wireless connectivity and long battery life in a practical over-ear headphone design.

- 6-microphone hybrid ANC: Uses six microphones for active noise cancellation and call clarity.
- Up to 100 hours playback: Provides extended listening time, with up to 60 hours available when ANC is enabled.
- Bluetooth 6.0: Provides wireless connectivity with a stated range of up to 10m.

ComX Computers

Product Specification Sheet

FAQ

What are the Astrum Ease Drift AHDEDRIFTP headphones?

The Astrum Ease Drift AHDEDRIFTP are purple over-ear wireless headphones with Bluetooth 6.0, hybrid Active Noise Cancellation, AUX connectivity and an 800mAh Li-ion battery.

How long does the Astrum Ease Drift battery last?

The headphones provide up to 100 hours of playback, or up to 60 hours with ANC enabled.

Does the Astrum Ease Drift have Active Noise Cancellation?

Yes. The Ease Drift uses a 6-microphone hybrid ANC system designed to reduce surrounding noise and support clearer calls.

Does the Astrum Ease Drift support Bluetooth 6.0?

Yes. The headphones use Bluetooth V6.0 and have a stated wireless range of up to 10m.

Can the Astrum Ease Drift be used with a cable?

Yes. The headphones support AUX wired connectivity and include an AUX cable in the box.

How long does it take to charge the Astrum Ease Drift?

The stated charging time is approximately 2 hours using USB-C with a 5V 1A input.

What devices can be used with the Astrum Ease Drift?

The headphones can be used with compatible Bluetooth devices and with compatible devices that support AUX audio connectivity.

Are the Astrum Ease Drift headphones suitable for travel?

Yes. The over-ear design, foldable construction, 250g product weight and long battery life make them suitable for travel and everyday mobile listening.
