Overview Summary

AM-1120-BK Amplify True Wireless Earbuds are compact Bluetooth earbuds designed for wireless freedom and everyday audio use. They offer a lightweight in-ear fit, making them suitable for long listening sessions at home, at work or on the move.

These true wireless earbuds provide convenient pairing with compatible devices, enabling users to stream music, take calls and enjoy media without cables. The portable charging case ensures easy storage and on-the-go power support for daily use.

Built for practical everyday performance, the AM-1120-BK earbuds focus on simplicity, mobility and essential wireless functionality for modern users.

Performance tier: Entry-level wireless audio

Uses: Music streaming, phone calls, commuting, workouts, casual entertainment

Description

The AM-1120-BK Amplify Mobile Series True Wireless Earbuds are designed for users who want simple, reliable and cable-free audio. With a compact in-ear design and a portable charging case, they are built for daily mobility and easy storage.

These earbuds are suitable for music playback, voice calls and general media use across smartphones, tablets and other Bluetooth-enabled devices. Their lightweight construction makes them comfortable for extended wear, while the wireless design removes the hassle of tangled cables.
