Specifications

Overview:

AOC 27E3H2 is a 27-inch Full HD monitor with a three-sided edge-to-edge design, VESA feature allowing use with removable arm and wall mount. The IPS panel displays colors that do not change no matter what angle you view the screen from

Features:

IPS Panel

The IPS panel delivers vivid images and realistic colors, while also providing a wide viewing angle, creating more convenience than conventional screens.

Anti-tearing solution

Screen tearing not only harms gaming performance but also affects your experience. Adaptive Sync technology eliminates the problem by ensuring your display's refresh rate is always synchronized with the processor.

See clearer, more detailed

With a 3-sided edge-to-edge screen design, users will own a large space to enjoy entertainment, creativity and work. Setting up multiple monitors also becomes much simpler and easier.

Reduce Short Wavelength Blue Light

Prolonged exposure to short-wavelength blue light can cause eye strain, sleep disturbances, or headaches. AOC Low Blue Mode puts users first by reducing display short-wavelength blue light emissions without sacrificing color accuracy. Also offers four different filtering modes - reading, browsing, multimedia and office

Protect your eyes from screen flickering

Flicker-Free technology will help reduce screen flickering, creating comfort when playing games. Using conventional LED screens for a long time will cause eye fatigue due to screen flickering. Flicker-free technology from AOC will reduce screen flickering, helping to protect users' eyes.
