Overview Summary

Astrum SPB20T 20W Portable Bluetooth Soundbar Speaker

The Astrum SPB20T is a compact 2.0-channel portable soundbar designed for convenient everyday audio. Its dual drivers deliver 2 x 10W RMS output for a combined 20W of stereo power, while Bluetooth 5.3 provides wireless connectivity for compatible devices. The soundbar also supports USB, TF card and AUX playback, giving you several ways to play music and other audio content.

A built-in 3600mAh rechargeable battery provides up to 4.5 hours of playtime, while the USB-C charging port supports 5V/1A charging. With dimensions of 380 x 55 x 73mm and a wireless range of up to 10 metres, the SPB20T is suited to desktop setups, bedrooms, small entertainment areas and portable use. TWS support also allows compatible speakers to be paired for expanded stereo playback.

Performance tier: Entry-level portable stereo soundbar

Uses:music listening, movies, desktop audio, bedroom audio, portable entertainment, smartphone playback, tablet playback, laptop audio

Overview

The Astrum SPB20T is a Portable Bluetooth speaker built to deliver rich, room-filling sound with minimal fuss - perfect for music, movies, or casual audio playback at home or on the go. With 20W output and dual drivers, it provides powerful stereo sound that's clear across highs and lows, giving you deep bass and balanced mids for a fuller listening experience. Its wireless Bluetooth connectivity makes pairing simple and quick, while support for USB, AUX, and TF-card playback adds flexible options for older devices or offline playlists. The SPB20T's compact, travel-friendly design makes it ideal for bedrooms, small living rooms, or outdoor use, and its durable build ensures reliability whether you're lounging at home or hosting friends. Overall, it offers a cost-effective, hassle-free way to upgrade your audio - combining portability, versatility, and solid sound quality in one neat package.

Description

The Astrum SPB20T is a portable Bluetooth soundbar speaker designed to provide convenient stereo audio in a compact 50cm form factor. Its 2.0-channel configuration uses dual drivers with a total output of 20W RMS, providing a practical audio solution for everyday music and entertainment.

Wireless connectivity is provided through Bluetooth 5.3, allowing compatible smartphones, tablets, laptops and other Bluetooth devices to connect without a physical audio cable. The speaker has a wireless range of up to 10 metres, providing flexibility when positioning the connected device.

For users who prefer wired or local media playback, the SPB20T supports USB, TF card and AUX input options. It also includes FM radio functionality, providing another way to access audio without relying solely on Bluetooth streaming. TWS functionality provides support for compatible speaker pairing where supported.

The integrated 3600mAh rechargeable battery provides up to 4.5 hours of playtime. USB-C charging is supported at 5V/1A. Measuring 380 x 55 x 73mm, the soundbar has a compact footprint that can fit conveniently on a desk, shelf or other suitable surface while remaining practical for portable use.

Features

The Astrum SPB20T combines wireless and wired playback options with a rechargeable battery in a compact soundbar design.
