Product Overview

Asus ROG 140W USB-C GaN charger, 90XB09IN-BPW000, 4 port, Fast charging, Compact, Up to 140 watts of total Output, 3x USB-C and 1x USB Type-A, USB Power Delivery (PD) 3.0, Programmable Power Supply (PPS), Quick Charge 3.0

Specifications

Overview Summary:

The ASUS ROG 140W USB-C GaN Charger is a compact, high-performance charging solution designed for users who need reliable power for multiple devices. Featuring three USB-C ports and one USB-A port, it delivers up to 140W total output while supporting USB Power Delivery 3.0, PPS and Quick Charge 3.0 for fast, efficient charging of laptops, gaming handhelds, smartphones, tablets and more.

Its advanced GaN technology helps reduce size while maintaining excellent power efficiency, making it an ideal travel and desktop charging companion. Whether you're working, gaming or on the move, this versatile charger keeps your essential devices powered. Buy now and shop now for dependable fast charging in South Africa.

Performance tier: Premium

Uses: Charging gaming handhelds, laptops, smartphones, tablets, USB-C accessories, USB-A devices, travel charging, desktop charging

Overview:

ASUS ROG 140W USB-C GaN Charger for Fast Multi-Device Charging
The ASUS ROG 140W USB-C GaN Charger is a compact, high-performance charging solution designed for gamers, professionals, and anyone who relies on multiple USB-powered devices throughout the day. Built with advanced Gallium Nitride (GaN) technology, it delivers exceptional charging efficiency while maintaining a smaller footprint than conventional chargers. With a combined power output of up to 140W across four ports, it offers the flexibility to charge laptops, handheld gaming devices, smartphones, tablets, and accessories simultaneously.

Description:

Designed for maximum convenience, the ASUS ROG 140W USB-C GaN Charger combines powerful output with broad device compatibility in a travel-friendly design. Three USB-C ports and one USB Type-A port allow multiple devices to charge at the same time, while support for USB Power Delivery 3.0, Programmable Power Supply (PPS), and Quick Charge 3.0 ensures fast, intelligent power delivery. Whether you're working, gaming, or travelling, the ASUS ROG Adapter provides reliable charging for a wide range of modern devices. The ASUS ROG ADAPTER part number is 90XB09IN-BPW000.

Features:

Why Choose the ASUS ROG GaN Charger
Built for users who demand performance and versatility, this charger offers fast charging without the bulk of traditional high-power adapters. GaN technology improves power efficiency while reducing heat, making it an excellent companion for home, office, or travel use.

It is ideal for charging a single high-performance laptop or sharing power between several compatible devices without sacrificing convenience.

Compatible Devices
The ASUS ROG 140W USB-C GaN Charger is suitable for powering:

- ASUS ROG Ally X handheld gaming console
- Gaming and productivity laptops with USB-C charging
- Smartphones

- Tablets
- USB-C accessories and compatible USB-powered devices

Key Highlights
