ASUS VT168H

ASUS VT168H 15.6" 1366x768 Touch Screen Monitor, HDMI

Product Overview

ASUS VT168H Touch Screen Monitor 15.6" WXGA HD 1366x768 10-point Touch, HDMI, VGA, Flicker free, Low Blue Light, 75x75mm VESA mounting, 10ms Response Time

Specifications

ASUS VT168H 15.6' 1366x768 HDMI VGA 10-point Touch Eye Care Monitor

- 15.6' 1366x768 16:9 touch monitor with 75x75mm VESA mounting
- Flexible connectivity with HDMI and VGA
- 10-point touch capacity for virtual keyboards and multi-touch applications
- ASUS Eye Care technology with flicker-free backlighting and blue light filter to minimize eye fatigue
- Vivid color performance with Splendid Video Intelligence Technology's six preset modes

10-Point Multi-touch - An Incredibly Intuitive Touch Experience
The ASUS VT168H touchscreen monitor combines 10-point multi-touch capability with superb image quality, flexible connectivity and great ergonomics. The precise and accurate multi-touch display allowing up to 10 simultaneous touches is optimized for use with Windows 10, allowing you to work smarter and more efficiently.

Windows 10 compatible
VT168H has passed the tests and been confirmed that it has best compatibility and reliability with Windows10 operating

system. Ensuring home and business users of Microsoft's new operating system can benefit from ASUS Touch Monitor.

The Touchscreen Monitor That Gives You Much More
ASUS Splendid Video Intelligence Technology employs a color engine with six preset modes. These allow you to adjust your display easily for the best color accuracy and image fidelity, depending on what kind of content is being displayed. You can access the presets via a designated hotkey.

Designed With You in Mind
VT168H has multiple video and peripheral connectors, including VGA and HDMI, making it suitable for use anywhere, either in the home or at the office.

VT168H features an elegant circular base with an ergonomically-designed tilting stand that lets you choose the ideal viewing position. The monitor is also VESA mount-compatible, making it easy to mount on a wall or monitor arm. Advanced power-saving features ensure low energy costs and maximum reliability, and it meets stringent environmental standards including RoHS, ENERGY STAR and TCO.

Protect your eyes with ASUS Eye Care technology
VT168H has undergone stringent performance tests and is awarded Flicker-free and Low Blue Light certifications by T Rheinland laboratories, a global provider of technical, safety, and certification services, toshow display quality with clear image and prevent users suffering from eye strain and fatigue.

Ultra-low Blue Light Monitor
The TUV Rheinland-certified ASUS Blue Light Filter protects you from harmful blue light, and you can easily access its four different filter settings via a hotkey. VT168H has undergone stringent performance tests and has been certified by TUV Rheinland laboratories, a global provider of technical, safety, and certification services, to be flicker-free and to emit low blue light levels

- Level 1 is ideal for normal web browsing, and gives you excellent color reproduction for lifelike visuals, minimal color shift.
- Level 2 is ideal when you're viewing photos and videos, giving you a perfect balance of high image quality.
- Level 3 gives you the look of real paper, making it ideal for long hours of reading or word processing.
- Level 4 is ideal for environments with dim ambient light.

Flicker-free Technology
It's time to say goodbye to those tired, strained eyes. VT168H features TUV Rheinland-certified ASUS Flicker-Free technology to reduce flicker for a comfortable viewing experience. This technology helps minimize instances of eyestrain and other damaging ailments, especially when you spend long, countless hours in front of a display watching favorite videos.

Specifications:
