Product Overview

Asus ROG Strix XG35VQ Curved Gaming Monitor - 35 inch UWQHD, HDMI(v1.4), DisplayPort 1.2, HDMI(v2.0), Response Time: 1ms MPRT*, Display Colors: 16.7M, USB Port(s): 3.0x2, 1 x upstream

Specifications

Overview:

ROG Strix XG35VQ is a 35-inch WQHD curved monitor that wholly immerses you in the action. Its advanced features and design make it the perfect ally for any gaming adventure! Strix XG35VQ is the largest gaming monitor of the ROG family. Its impressive curved display features a 100Hz refresh rate and Adaptive-Sync (FreeSync™) technology, for extremely fluid gameplay without tearing and stuttering. It also includes integrated ASUS Aura Sync lighting that allows for seamless synchronization with other Aura-enabled components and peripherals, adding personality to your gaming setup.

Features:

Experience the Curve
ROG Strix XG35VQ maximizes your field of vision with a large 35-inch display and an 1800R curvature which ensures that every point is equidistant to your eyes. Thanks to its size and shape, you'll experience greater immersion and viewing comfort - even during marathon gaming sessions. Enjoy wide viewing angles with less distortion and color shift, and get better visuals for games, movies, or anything else!

Fast 100Hz Refresh Rate
The days of frustrating lag when playing fast-paced games are gone: With an incredible 100Hz refresh rate, ROG Strix XG35VQ gives you the upper hand in first-person-shooters, racers, real-time strategy, role-playing, and sports titles.

ASUS-exclusive Extreme Low Motion Blur Technology
ROG Strix XG35VQ features the latest ASUS-exclusive Extreme Low Motion Blur technology, which eliminates smearing and motion blur, and makes objects in motion look sharper, so gameplay is more fluid and responsive.

Adaptive-Sync (FreeSync™) Technology for Smooth Gameplay
Adaptive-Sync (FreeSync™) technology delivers the smoothest, fastest, and most breathtaking gaming visuals imaginable by eliminating screen tearing and choppy frame rates, and by minimizing display stutter and input lag. ROG Strix XG35VQ gives you seamless, lag-free visuals when playing the latest games with fast-moving visuals.

Customizable Light Signature
Light Signature is an exclusive feature that lets you create and customize light-projection effects on your ROG Strix XG35VQ. It includes two ROG logo covers and one blank cover for creating customized light projections that show your unique gaming style.

Super-Narrow Bezel
Strix XG35VQ features a super narrow design, making it the ideal solution for almost-seamless multi-display setups. Build the ultimate battle station, and enjoy total immersion!

GamePlus Technology
Stemming from the ROG commitment to creating the best gaming experiences, ROG Strix XG35VQ features the ASUS-exclusive GamePlus hotkey with in-game enhancements that help you get the most out of your game. This function is co-developed with input from pro gamers, allowing them to practice and improve their gaming skills.

ASUS-Exclusive DisplayWidget
DisplayWidget is a utility software that lets users easily and quickly tweak settings or configure ASUS GameVisual, App Sync™ and blue light filters. Configurations can also be changed via the onscreen display or the navigation joystick, but ASUS DisplayWidget provides a faster and easier way to access these settings.

Robust Connectivity
ROG Strix XG35VQ offers a wide selection of connectivity options, including DisplayPort 1.2, two HDMI ports and earphone jack, USB3.0 ports.

Ultra-Low Blue Light technology
ROG Strix XG35VQ includes TUV Rheinland-certified ASUS Ultra-low Blue Light filters to prevent eye strain. Select from four different filter settings via the on-screen menu.

Flicker-free technology
ROG Strix XG35VQ reduces onscreen flicker to give you a more comfortable gaming experience, and to minimize eye strain during marathon gaming sessions.

Ergonomic Design
ROG Strix XG35VQ features a stand that's ergonomically designed to offer extensive swivel, tilt, and height adjustment - so you can always attain the ideal viewing angle.
