Shop now to streamline your office printing with a durable and compact solution.

Performance tier: High-performance

Uses: Office printing, retail receipts, invoices, waybills, multi-copy forms, barcode printing

Overview:

AUI SP-330 9-Pin Dot Matrix Impact Printer for Fast, Reliable Printing
The AUI SP-330 is a high-performance 9-pin dot matrix impact printer designed for businesses that need speed, reliability, and multi-part printing capabilities. With an 80-column print width and the ability to handle up to 18 lines per second, this printer ensures efficient document handling for busy work environments. Its compact footprint and versatile connectivity options make it a practical choice for offices, retail outlets, and small businesses.

Description:

The AUI SP-330 offers durable printing with a long-lasting printhead, multi-copy capability for original plus three duplicates, and support for nine built-in barcode formats. It combines fast printing speeds with user-friendly operation, making it ideal for invoices, receipts, waybills, and other business-critical documents. Parallel, USB, and serial connectivity options provide flexible integration into existing workflows.

Features:

Compact Design for Small Workspaces
Designed to fit seamlessly in tight office setups, the SP-330 takes up minimal space while still delivering professional printing performance. Its small footprint allows easy placement on counters, desks, or workstations without cluttering your workspace.

Durable Printhead for Long-Term Use
The printer features a robust printhead capable of up to 400 million strokes per wire. This ensures consistent quality over time while minimizing maintenance and replacement costs, making it a reliable choice for high-volume printing environments.

Multi-Copy Printing for Business Efficiency
The SP-330 supports printing of an original document plus three additional copies. This functionality is perfect for creating invoices, receipts, delivery notes, and other multi-part forms that are essential in business operations.

High-Speed Printing for Busy Offices
With a printing speed of up to 337 characters per second at 12 CPI, the SP-330 reduces waiting times and keeps your workflow moving smoothly. Whether you are printing multiple forms or large documents, it ensures fast and efficient output.

Built-In Barcode Printing
The printer supports nine barcode formats, enabling businesses to print accurate barcodes directly on receipts, labels, and forms. This feature helps streamline inventory management, tracking, and sales processes.

Simple Setup and Operation
Ease of use is a key advantage of the SP-330 . Its intuitive design allows for quick setup and operation, even for users with minimal technical experience. The printer integrates easily with existing systems via parallel, USB, and serial connections.

Why Choose the AUI SP-330Yes
Ideal for small offices, retail environments, and businesses seeking a cost-effective printing solution, the SP-330 combines compact design, durability, and efficiency. Its fast performance, multi-copy capability, and barcode support make it a versatile and reliable choice for everyday business printing needs.
