

AXH-ACEQDD

Axtel Ace QD Duo Wired Headset

Product Overview

Axtel Ace QD Duo Wired Headset, QD Headset Interface, Stereo HD, 40 mm Speaker Driver size, Noise-Cancelling Microphone

Specifications

Overview Summary:

The Axtel Ace QD Duo Wired Headset is engineered to provide clear and reliable communication in demanding environments like call centers and offices. With superior stereo HD audio quality and a noise-cancelling microphone, this headset ensures that your voice is heard with clarity, even in noisy surroundings. Its Quick Disconnect (QD) feature allows for easy connectivity with a variety of devices, making it a versatile solution for dynamic work settings. Designed for all-day comfort, it features soft, breathable memory foam ear cushions and a lightweight frame, ideal for long hours of use. This high-quality, EU-manufactured headset is the perfect choice for professionals who require both comfort and performance. Buy now and elevate your communication experience!

Performance tier:High-end

Uses:Call centers, customer service, office environments, virtual meetings, telecommunication

Overview:

Axtel Ace QD Duo Wired Headset: The Ultimate Solution for Clear, Comfortable Communication

The Axtel Ace QD Duo Wired Headset is specifically designed to meet the demands of professionals working in dynamic, high-noise environments such as contact centers, BPOs, and busy offices. Combining superior audio quality, exceptional comfort, and seamless compatibility, this headset is an ideal choice for organizations looking to maintain high productivity and clear communication.

Product Summary

The Axtel Ace QD Duo headset is built to elevate communication standards in professional settings. Featuring a Quick Disconnect (QD) interface, it is compatible with desk phones, softphones, and mobile devices, offering flexible connectivity solutions for various work environments. Equipped with 40mm HD speakers, this headset delivers rich, full-range stereo sound, while its noise-cancelling microphone ensures crystal-clear voice transmission even in noisy surroundings. Designed for long-lasting comfort, it includes lightweight construction and breathable vegan leather ear cushions, making it suitable for all-day use. Manufactured in the EU, it guarantees exceptional durability and acoustic protection, keeping your hearing safe while offering reliable, high-quality performance.

Features:

Key Benefits

- **Clear Communication in Noisy Environments:**The noise-cancelling microphone ensures your voice is heard clearly without interference, even in busy offices or call centers.
- **Superior Audio Quality:**With powerful 40mm drivers, enjoy full-range stereo sound, providing a balanced and immersive audio experience.
- **Comfortable for All-Day Use:**Designed for extended wear, the ultra-lightweight structure and soft ear cushions provide lasting comfort without causing strain.
- **Quick Disconnect Connectivity:**The QD connector allows for easy connection to desk phones, softphones, and mobile devices, providing flexibility across different communication platforms.
- **Durable and Safe:**Designed and manufactured in the EU, the headset features acoustic protection to safeguard hearing, ensuring safe audio exposure even during long shifts.

Key Features

Designed for Comfort and Durability

The Axtel Ace QD Duo headset combines style and function. Crafted with an ultra-lightweight frame and memory foam ear

cushions, it offers comfort during extended use without compromising on durability. Its vegan leather ear pads provide a breathable fit, ideal for users who wear headsets for long periods.

Noise-Cancelling Microphone for Clear Communication

The advanced noise-cancelling microphone eliminates unwanted ambient noise, allowing your voice to be transmitted clearly, even in challenging environments like bustling offices or busy call centers. Stay productive and maintain high communication standards with this reliable microphone technology.

Powerful 40mm Speakers for Exceptional Audio

Experience outstanding sound quality with 40mm HD speakers that deliver a full-range audio experience, from deep bass to crisp highs. Whether you're listening to a call or participating in a virtual meeting, the sound clarity will help you stay focused and engaged.

Quick Disconnect for Seamless Integration

The Quick Disconnect (QD) connectivity feature allows for easy integration with various devices. You can easily pair the headset with desk phones, softphones, or mobile devices, making it a versatile option for dynamic work environments that require frequent switching between different communication tools.

Acoustic Protection for Hearing Safety

The Axtel Ace QD headset is engineered with acoustic protection to help prevent hearing damage from excessive noise exposure. The design limits sound levels to safe thresholds, ensuring your hearing is protected, even during long working hours.

Designed and Manufactured in the EU

Proudly made in the EU, Axtel Ace headsets are known for their reliability and high standards of quality. Crafted with precision and attention to detail, these headsets deliver performance you can trust.

Perfect for Multi-Device Environments

Whether you're switching between a desk phone, softphone, or mobile device, the Axtel Ace QD headset ensures a smooth transition with its Quick Disconnect functionality. This feature provides the ultimate flexibility for professionals who need to adapt to various communication tools throughout the day.

Built to Last

Manufactured to the highest European standards, the Axtel Ace QD headset is designed to withstand the rigors of daily professional use. Its robust build ensures longevity and consistent performance, making it a worthwhile investment for any organization.

This high-performance headset from Axtel is engineered for clear communication, comfort, and long-lasting durability. Perfect for dynamic environments, it combines modern design with advanced technology to keep you connected and productive throughout your workday.
