HP Student (Protective) Backpack

Product Overview

HP Student (Protective) Backpack

Specifications

Overview:

HP Student Edition Youth Backpack is designed especially for the unique circumstances users face every day. The sturdy, black backpack is made of durable nylon, trimmed in cobalt blue, and includes padding in the back and shoulder straps. It contains multiple zippered compartments for books and materials, and can carry a notebook up to 17.3 inch (43.94 cm). Of the many special features in the backpack is a Grid-it system - is a unique panel of taut elastic straps to hold in place and organize school supplies, cords and personal items. Also an accessories pouch is included to store small, easy-to-misplace items. An insulated cold compartment provides storage for a lunch or snacks, and a drink holder is positioned conveniently on the outside. And as an added bonus, the backpack comes with its own blue, waterproof raincoat, which is always attached to the backpack, and then tucks away into a pocket when not in use.

Specifications:

Dimensions / weight / warranty Weight	0.92 kg
Dimensions (W x D x H)	43.99 x 30.99 x 17.98 cm
