Overview:

Epson WorkForce DS-900WN A4 Network Business Scanner
The Epson WorkForce DS-900WN is a high-performance A4 sheetfed network scanner designed for businesses that require fast, secure, and efficient document digitisation. Built for demanding office environments, it delivers scanning speeds of up to 70 pages per minute with single-pass duplex scanning, making it ideal for handling large daily workloads. Its integrated networking options, PC-free scanning capabilities, and customisable touchscreen simplify document workflows while helping organisations improve productivity.

Description:

Designed for busy offices and enterprise environments, the Epson WorkForce DS-900WN combines speed, reliability, and flexible connectivity in one powerful document scanner. The built-in network functionality allows multiple users to share the scanner easily, while the intuitive 10.9 cm touchscreen enables direct scanning without requiring a connected computer. With support for Epson and third-party software through its open platform, the DS-900WN adapts to a wide variety of business workflows. Whether used in finance, healthcare, education, legal services, or government departments, this scanner helps streamline document management while maintaining excellent image quality and efficient operation.

Features:

Built for Modern Business Workflows
The DS-900WN is designed to integrate seamlessly into existing business environments. Its web-based open platform supports integration with Epson software as well as compatible third-party document management solutions, making it easy to customise workflows according to organisational requirements.

Integrated networking allows multiple users to access the scanner across the office, while personalised scanning settings help improve productivity for different departments.

Fast Document Capture for High-Volume Offices
With impressive scanning performance and a robust daily duty cycle, this scanner is well suited to organisations that process large numbers of documents every day.

Key performance highlights include:

- Scan speed up to 70 ppm and 140 ipm
- Single-pass duplex scanning
- Daily duty cycle of up to 11,000 pages
- 100-sheet Automatic Document Feeder
- Included paper alignment plate for accurate feeding

Flexible Connectivity Options
The Epson WorkForce DS-900WN offers multiple connectivity options to fit almost any office environment.

Supported connections include:

- USB 3.2 Gen 1x1
- Gigabit Ethernet
- Wi-Fi
- Wi-Fi Direct
- Mopria Scan support

The built-in networking enables direct scanner sharing across teams, while Wi-Fi Direct provides convenient wireless scanning without requiring access to an existing network.

Simple Operation Without a PC
The integrated 10.9 cm colour touchscreen allows users to operate the scanner directly without connecting it to a computer. Frequently used scan jobs can be customised for quicker access, helping reduce repetitive tasks and improve workflow efficiency.

Efficient and Reliable Performance
The WorkForce DS-900WN has been engineered for continuous business use while maintaining low power consumption during both operation and standby. It also incorporates ReadyScan LED technology, eliminating warm-up time and enabling faster scanning when needed.

Additional highlights include:

- Optical resolution of 600 x 600 dpi
- Ultrasonic double-feed detection sensor
- ReadyScan LED light source
- Reliable document feeding for high-volume scanning
- Designed using approximately 30% recycled plastic

Ideal Business Applications
The Epson WorkForce DS-900WN is an excellent choice for organisations that require dependable, high-speed document

capture, including:

- Government offices
- Healthcare providers
- Legal firms
- Financial institutions
- Accounting practices
- Educational organisations
- Corporate document management

The Part Number DS-900WN makes it easy to identify this model when ordering or integrating it into existing Epson document scanning deployments.
