Overview:

Bitdefender Antivirus Plus is the acknowledged Antivirus of the Year. With a non-intrusive and extremely fast scanning technology, it offers essential silent security against e-threats.

Shop and bank confidently Bitdefender Safepay safeguards your payments and also automatically fills in your account information.

Know your identity stays private Surf the Internet and socialize without worries. Your private information cannot be seen or stolen by hackers.

No interruptions. No popups Bitdefender Autopilot automatically takes the best security-related decisions for you, offering silent security.

Enhanced! Bitdefender Safepay Keeps hackers at bay by automatically opening all your online banking pages in a separate, secure browser, and keeps all necessary credentials safe and within your reach.

Active Virus Control Active Virus Control is a proactive, dynamic detection technology. It monitors processes' behavior in real time, as they are running, and tags suspicious activities.

Rescue Mode If e-threats, such as rootkits, cannot be removed from within the Windows operating system, the computer is re-booted in Rescue mode - a trusted environment which is then used for cleanup and restoration.
