- Blocks social-networking specific e-threats
- Keeps kids safe with cutting-edge parental controls
- Protects your data with Online Backup
- Tunes up your PC for optimal speed & performance

For Smartphones & Tablets:

- Uses in-the-cloud services to defend your Android device against viruses and spyware

- Helps users remotely find their mobile device
- Remotely lock, send message to, or wipe device, in case of loss or theft of the smartphone or tablet
- Gives advance warning of risky websites when browsing on your mobile device

For Macs

- Protects your valuable files and documents from all Mac viruses
- Blocks webpages that attempt to steal your credit card data
- Prevents you from passing viruses along to your friends working on Windows machines
- Uses minimal system resources - won't slow you downBitdefender Total Security is the acknowledged Antivirus of the Year. With a non-intrusive and extremely fast scanning technology, it offers the ultimate silent security against e-threats.

Shop and bank confidently

Bitdefender Safepay safeguards your payments and also automatically fills in your account information.

Know your identity stays private

Surf the Internet and socialize without worries. Your private information cannot be seen or stolen by hackers.

No interruptions. No popups

Bitdefender Autopilot automatically takes the best security-related decisions for you, offering silent security.

Enhanced! Bitdefender Safepay

Keeps hackers at bay by automatically opening all your online banking pages in a separate, secure browser, and keeps all necessary credentials safe and within your reach.

Two-way Firewall

The two-way firewall continuously monitors your Internet connections and prevents unauthorized access, even over a Wi-Fi network.

Enhanced! Cloud Antispam

Stops unwanted e-mail from reaching your Inbox, now fully based on Cloud technology.
