

BELJ-25000-NB-BLK

Belj Black 25800mAh Multi Port Powerbank

Product Overview

Belj Multi Port Powerbank - 25800mAh Powerbank Capacity, 100W Output, LED Display for Charging Indicator, Discharging Indicator, Efficiency Display, Voltage and Current Display, 2 x USB-C Ports and 2 x USB-A Interface Multi-Port, Airplane Friendly, Laptop Charging, Super Fast Charging, Up to 5 Charges for a Smartphone, Color Black

Specifications

About this product

The Belj 25800mAh 100W Powerbank is a high-capacity portable charger designed for smartphones, tablets, laptops and other USB devices. It provides up to 100W USB-C Power Delivery, 2 x USB-C ports, 2 x USB-A ports and a smart LED display showing battery percentage, charging status, discharging status, voltage, current and charging efficiency. With a 99.33Wh Li-Polymer battery, it can provide up to 5 smartphone charges depending on the device. Buy now from our website for powerful portable charging in South Africa.

Overview Summary

Belj 25800mAh Multi Port 100W Powerbank

The Belj Multi Port Powerbank combines a 25800mAh Li-Polymer battery with up to 100W USB-C Power Delivery for portable power on the go. It is designed to charge compatible laptops, smartphones, tablets, gaming devices and other USB-powered equipment, making it suitable for travel, business, commuting and everyday use.

The powerbank provides 2 x USB-C ports and 2 x USB-A ports, allowing up to 4 devices to be connected at the same time. Its LED digital display provides useful charging information including battery percentage, charging status, discharging status, voltage, current and charging efficiency. The 99.33Wh battery rating also makes it suitable for air travel subject to applicable airline regulations. Shop now and keep your essential devices powered wherever you go.

Performance tier:High-capacity, high-output portable powerbank

Uses:Laptop charging, smartphone charging, tablet charging, travel, business, commuting, USB device charging

Overview

Belj Multi-Port Powerbank (25,800mAh / 99.33Wh) is a high-capacity, 100W portable charger designed to power laptops, smartphones, and tablets with super-fast charging.Features an LED display showing charge/discharge status, efficiency, voltage, and current, plus 2x USB-C (up to 100W) and 2x USB-A (up to 22.5W) ports for versatile multi-device charging.Airplane-friendly Li-polymer battery supports up to 5 smartphone charges, with wide input/output ranges (USB-C PD up to 20V/5A) for rapid, efficient power delivery on the go.

Description

The Belj 25800mAh Multi Port 100W Powerbank is designed for users who need dependable portable power for multiple devices. Its high-capacity 25800mAh Li-Polymer battery provides up to 99.33Wh of stored energy, giving compatible smartphones up to 5 full charges depending on the device and usage conditions.

With a maximum output of 100W through USB-C Power Delivery, this powerbank can provide high-output charging for compatible laptops as well as smartphones, tablets, gaming devices and other USB-C equipment. The 2 x USB-C ports and 2 x USB-A ports provide a total of 4 output ports for convenient multi-device charging.

The integrated LED digital display provides clear information while the powerbank is being used. Users can monitor battery percentage, charging status, discharging status, voltage, current and charging efficiency without relying on guesswork.

The USB-C ports support up to 100W output and up to 65W input, while the USB-A ports support up to 22.5W output. Fast charging support makes the powerbank suitable for compatible devices that can accept higher charging speeds.

For added convenience, the 99.33Wh battery rating is designed to meet the commonly used airline battery capacity limit, although airline-specific rules and approval requirements still apply. Built-in protection features include overcharge, overcurrent, overvoltage, overheating and short circuit protection.

Features

ComX Computers

Product Specification Sheet

The Belj Multi Port Powerbank is built for high-output portable charging with a combination of large battery capacity, multiple charging interfaces and real-time power information.

- 25800mAh high-capacity Li-Polymer battery
- Up to 100W USB-C Power Delivery output
- 2 x USB-C ports for high-speed charging
- 2 x USB-A ports for compatible USB devices
- Charge up to 4 devices simultaneously
- LED digital display for battery percentage
- LED display shows charging and discharging status
- LED display shows voltage and current
- LED display shows charging efficiency
- Supports fast charging for compatible devices
- USB-C laptop charging support up to 100W
- Provides up to 5 smartphone charges depending on the device
- 99.33Wh battery energy rating
- Airline friendly subject to applicable airline regulations
- Overcharge protection
- Overcurrent protection
- Overvoltage protection
- Overheating protection
- Short circuit protection
- Compatible with smartphones, tablets, laptops, MacBooks, USB-C devices and USB-A devices
- Black finish

What's in the Box

- Belj 25800mAh Multi Port 100W Powerbank

Specifications

- Brand: Belj
- Product code: BELJ-25000-NB-BLK
- Product type: Multi Port Powerbank
- Battery capacity: 25800mAh
- Battery type: Li-Polymer
- Battery voltage: 3.85V
- Energy rating: 99.33Wh
- Maximum output: 100W
- USB-C ports: 2 x USB-C
- USB-A ports: 2 x USB-A
- Total output ports: 4
- Display: LED digital display
- Display information: Battery percentage, charging status, discharging status, voltage, current, charging efficiency
- USB-C input: 5V 3A, 9V 3A, 12V 3A, 15V 3A, 20V 3.25A, 65W maximum
- USB-C output: 5V 3A, 9V 3A, 12V 3A, 15V 3A, 20V 5A, 100W maximum
- USB-A output: 5V 2A, 9V 3A, 10V 2.25A, 12V 1.5A, 22.5W maximum
- Fast charging: Yes
- Laptop charging: Yes, USB-C Power Delivery up to 100W

ComX Computers

Product Specification Sheet

- Smartphone charging: Up to 5 full charges, device dependent
- Airline friendly: Yes, 99.33Wh, subject to applicable airline regulations
- Protection: Overcharge, overcurrent, overvoltage, overheating and short circuit protection
- Compatibility: Smartphones, tablets, laptops, MacBooks, USB-C devices and USB-A devices
- Colour: Black

FAQ

What is the capacity of the Belj powerbank?

The Belj powerbank has a 25800mAh Li-Polymer battery with an energy rating of 99.33Wh.

How much power can the Belj powerbank provide?

The powerbank provides up to 100W output through USB-C Power Delivery.

Can the Belj powerbank charge a laptop?

Yes. Compatible laptops can be charged through USB-C Power Delivery with output of up to 100W.

How many devices can the Belj powerbank charge at once?

The powerbank has 2 x USB-C ports and 2 x USB-A ports, allowing up to 4 devices to be connected simultaneously.

Does the Belj powerbank support fast charging?

Yes. The powerbank supports fast charging for compatible smartphones, tablets, laptops, gaming devices and other USB devices.

How many times can it charge a smartphone?

The powerbank can provide up to 5 full smartphone charges depending on the smartphone model, battery capacity and charging conditions.

What information does the LED display show?

The LED digital display shows battery percentage, charging status, discharging status, voltage, current and charging efficiency.

Is the Belj 25800mAh powerbank suitable for air travel?

The powerbank has a 99.33Wh energy rating and is described as airline friendly, but passengers should check the current requirements of their airline before travelling.

What devices are compatible with this powerbank?

It is compatible with smartphones, tablets, laptops, MacBooks, USB-C devices and USB-A devices that support the relevant charging specifications.
