

BHR08S8GL

Xiaomi Mijia Brushless Cordless Drill 2

Product Overview

Xiaomi Mijia Brushless Cordless Drill 2, 50 n m Max Torque, Self-locking chuck, 10 mm Max chuck Diameter, 1900mAh Lithium-ion Battery, USB Type-C charging Port, Approx. 2 hours charging time, Integrated Display screen, Built-In LED Light, Forward / Reverse / lock Switch, 5 included drill bits, 10 included screwdriver bits

Specifications

Overview Summary:

Take on any DIY or home improvement project with confidence using the Xiaomi Mijia Brushless Cordless Drill 2. Engineered for precision and efficiency, this compact yet powerful tool delivers up to 50Nm of torque, making it suitable for drilling and fastening across wood, metal, plastic, and more. The integrated display and dual-speed control ensure accurate operation, while USB-C charging keeps downtime minimal.

Designed for South African users who demand reliability and convenience, this cordless drill combines ergonomic comfort with advanced brushless motor technology for longer lifespan and consistent performance. Whether you're assembling furniture or tackling renovations, this all-in-one solution is ready when you are. Buy now and upgrade your toolkit with a smarter, more capable drill.

Performance tier:Mid-to-High

Uses:furniture assembly, home repairs, DIY projects, drilling holes, screwdriving, light construction, installations

Overview:

Xiaomi Mijia Brushless Cordless Drill 2 with 50Nm Torque and USB-C Charging

Take on everyday DIY tasks and more demanding home improvement projects with a cordless drill engineered for precision and control. Designed with a high-efficiency brushless motor and dual-speed functionality, this tool delivers consistent performance whether you are assembling furniture or drilling into tougher materials. The integrated display keeps you informed at all times, ensuring accurate adjustments and better results with every use.

Description:

The Xiaomi Mijia Brushless Cordless Drill 2 is a compact yet powerful solution for drilling and screwdriving across multiple materials. With up to 50Nm of torque, a durable brushless motor, and intelligent speed control, it balances strength with precision. Its built-in display provides real-time feedback, while USB Type-C charging ensures convenience and minimal downtime. Lightweight construction and ergonomic handling make it suitable for extended use, and the included bit set allows you to start working immediately.

Features:

Engineered Power with Precision Control

At the core of this drill is a brushless motor that improves efficiency, reduces wear, and extends operational lifespan. Delivering up to 50Nm of torque, it provides sufficient force for demanding applications while maintaining smooth operation. The two-speed gearbox allows you to switch between controlled screwdriving and high-speed drilling, adapting easily to different tasks and materials.

This level of control ensures consistent performance whether working on wood, metal, plastic, or masonry surfaces.

Smart Interface and User-Focused Design

An integrated display screen provides clear, real-time updates on torque levels, speed settings, and battery status. This allows for accurate adjustments without guesswork. The built-in LED light enhances visibility in low-light environments, improving precision during detailed work.

The ergonomic structure, combined with a lightweight build of approximately 0.99 kg, reduces fatigue and improves handling over extended periods.

Versatile for Home and Workshop Use

This drill is designed to handle a broad range of applications. From basic household fixes to more advanced DIY builds, it provides the flexibility needed for consistent results. The 10 mm self-locking chuck ensures secure bit placement, while the included accessories expand its usability straight out of the box.

Key Performance Highlights

- Brushless motor improves efficiency and durability while reducing maintenance
- Dual-speed settings support both precision screwdriving and fast drilling
- Maximum torque of 50Nm enables work on tougher materials
- Integrated display screen shows speed, torque, and battery status
- USB Type-C charging delivers a full charge in approximately 2 hours
- Built-in LED light improves visibility in confined or dark spaces
- 10 mm self-locking chuck ensures stable and secure bit changes

Technical Details and Core Specifications

- Motor type: Brushless
- Rated voltage: 14.4V
- Max torque: 50Nm
- Speed settings: 2-speed (0-400 RPM low, 0-1700 RPM high)
- Chuck type: Self-locking
- Max chuck diameter: 10 mm
- Battery: 1900mAh lithium-ion
- Charging interface: USB Type-C
- Charging time: Approx. 2 hours
- Display: Integrated screen
- Lighting: Built-in LED
- Direction control: Forward, reverse, lock switch
- Material compatibility: Wood, plastic, metal, brick, ceramic
- Weight: Approx. 0.99 kg
- Dimensions: Approx. 17 x 6 x 21 cm

Part Number / SKU: BHR08S8GL

Included Accessories and Package Contents

- Xiaomi Mijia Brushless Cordless Drill 2
- Lithium-ion battery
- USB Type-C charging cable
- 5 drill bits (wood x3, multi-purpose x1, ceramic x1)
- 10 screwdriver bits
- Extension rod
- Bit holder and screwdriver bit holder
- Storage case
- User manual

Designed for Practical Efficiency

Built to streamline both simple and complex tasks, this drill combines intelligent design with reliable power output. The inclusion of essential accessories, fast charging capability, and a responsive control system ensures minimal interruption and maximum productivity. Whether used occasionally or as part of regular DIY work, it maintains a consistent balance between usability and performance.

Specifications

Product Code	BHR08S8GL
Motor Type	Brushless motor
Rated Voltage	14.4V ?
Max Torque	50 N m
Speed Settings	2-speed (high/low)
No-Load Speed (High)	0-1700 RPM
No-Load Speed (Low)	0-400 RPM
Chuck Type	Self-locking chuck
Max Chuck Diameter	10 mm
Battery Type	Lithium-ion battery
Battery Capacity	1900mAh
Charging Port	USB Type-C
Charging Input	5V?2A / 9V?2A / 12V?2A
Charging Time	Approx. 2 hours
Operating Temperature	-10degreesC to 45degreesC
Charging Temperature	5degreesC to 40degreesC
Storage Temperature	-10degreesC to 45degreesC
Display	Integrated display screen
Lighting	Built-in LED light
Direction Control	Forward / Reverse / Lock switch
Material Compatibility	Wood, plastic, metal, brick, ceramic (with appropriate bits)
Included Drill Bits	5 (wood x3, multi-purpose x1, ceramic x1)
Included Screwdriver Bits	10
Included Accessories	Extension rod, bit holder, screwdriver bit holder
Storage Case	Included
Net Weight	Approx. 0.99 kg (with 8 mm drill bit)
Dimensions	Approx. 17 x 6 x 21 cm
