Xiaomi Mi 13.5" LCD Writing Tablet

Product Overview

Xiaomi Mi 13.5" LCD Writing Tablet

Specifications

Overview:

The Xiaomi Mi 13.5´´ LCD Writing Tablet uses the customized LCD material, so the blue-green handwriting is super-clear, bold and delicate. Also the finish on the board gives a natural and smooth writing experience. Using high sensitive pressure sensing technology and a customized LCD screen, the font-weight of the handwriting is affected by the writing pressure, so the greater the pressure, the thicker, and vice versa. Using your fingertips or other objects on the screen also allows you to write without delay. With the stylus, you'll definitely have a better writing experience though.

You can easily clear the screen by simply pressing the clear button and start creating anytime. The tablet has no blue ray, no flickering, it reflects a natural light. No ink and chemical pigments are used or needed, making it completely harmless to the eyes and skin. It features a magnetic stylus for friendly usage and easy storage thanks to the magenetic pens light weight at only 7g. It also features a lock switch, which is used and can be turned on to avoid losing important content. It features a long lasting battery, if you clear the screen for 100 times every day, one button cell can last for 1 year.

Features:

- Customized LCD material
- High sensitive pressure sensing technology
- One clear button
- No radiation and harmless for children
- Magnetic stylus
- Lock switch
- Long battery life
