Xiaomi Smart Watch 2 Black Smart Watch

Product Overview

Xiaomi Smart Watch 2 Black Smart Watch

Specifications

Overview:

Experience a smarter life with the Xiaomi Watch 2 and its Google Wear OS. Enjoy built-in Google apps and a wide array of fun, practical third-party apps for an optimized and ultra-smooth performance. With its 495mAh high-capacity battery and Qualcomm's hybrid architecture, the Xiaomi Watch 2 gives you power that lasts.

The dual architecture of large and small cores provides high performance and low power consumption autonomous switching, which brings long battery life, large storage, and a smoother flagship experience.

With LPDDR4X and eMMC memory, the Xiaomi Watch 2 offers impressive storage performance and space comparable to a smartphone. Download as many watch faces and third-party apps as you like, not to mention all your favorite songs to give your workouts a boost. The Xiaomi Watch 2 supports over 200 popular third-party apps, covering nearly every aspect of your life.

Thanks to Google Wallet you can now pay in style, simply leave your wallet at home and easily tap your watch to make payments on the go. This feature is already supported in many countries and regions around the globe, it's like having a wallet on your wrist.

With Google Assistant, you can complete daily tasks and to-dos, send messages, control your smart devices at home with voice commands, and much more. With Google Maps, you can enjoy voice navigation directions directly from your watch.

The Xiaomi Watch 2 supports more than 160 sports modes with an optimized professional algorithm model that provides you with more accurate workout data, so your workouts can be more scientific and productive.

Integrated with Google Maps, the Xiaomi Watch 2 also excels in navigating complex environments like high-rise buildings and jungles, providing clear movement distance, pace, and route information.

Xiaomi Watch 2 features 12-channel PPG monitoring to keep track of your heart rate, blood oxygen saturation, and stress levels faster and with more precision. It also offers stronger anti-interference capabilities to identify your sleep patterns with

improved accuracy.

Features:

- 1.43" AMOLED with Always-on-Display
- Qualcomm Snapdragon W5+ Gen 1
- Seamless product experience for Android and Xiaomi
- Advanced health and workout tracking
- Google services and ecosystem
- Sleek design
- Lightweight case
