Specifications

Overview:

Xiaomi Smart Dehumidifier Lite
The Xiaomi Smart Dehumidifier Lite is your ultimate solution for maintaining a comfortable and dry indoor environment. With a powerful dehumidification capacity of up to 13 liters per day, this compact device can run continuously for up to 10 hours, ensuring you wake up refreshed and free from humidity-induced discomfort. The included 1-meter drain hose allows for hassle-free drainage, eliminating the need to monitor the water tank constantly. Its three versatile modes-smart, clothes drying, and sleep-make it adaptable to various needs, helping you stay comfortable even during the most humid days.

Designed with health in mind, the Xiaomi Smart Dehumidifier Lite features a washable antibacterial filter with an impressive >= 99% antibacterial rate. This ultra-fine filter effectively traps large particles, ensuring cleaner air and reducing the risk of secondary contamination. Perfect for improving indoor air quality, it provides a healthy and hygienic environment for you and your loved ones.

Smart connectivity is at the heart of this dehumidifier, allowing you to control and monitor its performance remotely via the MiHome/Xiaomi Home app. Adjust the working modes, set schedules, or check the humidity level from anywhere. Additional safety features, such as automatic tank switch-off when full, smart defrosting, compressor protection, and child lock, provide peace of mind while ensuring efficient and safe operation in any household.

With its whisper-quiet performance, large 3-liter water tank, and energy-efficient design, the Xiaomi Smart Dehumidifier Lite is a powerful yet compact addition to any home. Boasting 12 built-in safety features, including overheating protection and fire retardancy, this dehumidifier combines advanced technology and thoughtful engineering to deliver optimal humidity control in a sleek, modern package.
