Xiaomi Vacuum Cleaner G20

Product Overview

Xiaomi Vacuum Cleaner G20, LED searchlight, 12-cone dust-air separation, 99.9% high-efficiency filtering, 460W rated Power, 31.0V charging Voltage

Specifications

Overview:

Xiaomi Vacuum Cleaner G20

The Xiaomi Vacuum Cleaner G20 is a powerful, versatile, and innovative cleaning solution designed to tackle the toughest messes in your home. With its upgraded high-performance brushless motor delivering a maximum suction power of 150AW-25% higher than its predecessor-this vacuum effortlessly removes large debris, pet hair, and dust from deep within carpets and hard-to-reach gaps. Its long-lasting battery, featuring seven large-capacity cells and three cleaning modes, ensures you can clean your entire house in one go without interruptions.

Designed for maximum versatility, the G20 adapts seamlessly to different surfaces with its electric brush bar, which is suitable for floors, carpets, and tiles. The integrated LED searchlight enhances visibility in dimly lit areas, allowing for a more thorough and precise clean. For specialized tasks, the mini electric brush, which operates at 1500 rpm, effectively removes dust mites and allergens hidden in mattresses and sofas, promoting a healthier living environment.

Equipped with advanced filtration technology, the G20 boasts a 12-cone cyclone-dust separation system that generates strong centrifugal forces to separate large particles while maintaining smooth airflow. Its five-stage filtration system captures suspended particles as small as 0.3u m with an impressive 99.9% efficiency, ensuring clean air and preventing secondary pollution. This vacuum not only cleans your home but also improves indoor air quality.

Convenience is at the forefront of the G20's design, with features like a 600mL extra-large dust compartment, an easy-to-empty mechanism, and washable filter components. A wall-mounted storage solution keeps your vacuum neatly stowed when not in use. Combining powerful suction, intelligent design, and user-friendly features, the Xiaomi Vacuum Cleaner G20 delivers a comprehensive cleaning experience for a spotless home.

Features:

- LED searchlight
- 12-cone dust-air separation
- 99.9% high-efficiency filtering
- Ultra-long battery life
- Versatile design
