### Product Overview

Xiaomi Desk Lamp Lite - adjustable LED Light, Ra90 high cri for True Colour Rendering, Three-Level brightness adjustment, 25 degrees up and down Tilt, One-Touch operation for Power and brightness adjustments, 3900K Colour temperature, 7.5W rated Power

Specifications

Overview:

Augment your workspace with the Xiaomi Desk Lamp Lite, designed for optimal eye comfort and wide-area illumination. Featuring a high colour rendering index (CRI) of Ra90, this lamp closely mimics natural light, ensuring true-to-life colours and reducing eye strain. Whether you need soft lighting for reading, focused brightness for work, or a balanced glow for relaxation, the three-level brightness adjustment allows you to customise the illumination to suit your needs.

Built for versatility and convenience, the lamp offers 25 degrees up and down adjustment and a three-shaft flexible design, enabling precise positioning to direct light exactly where you need it. When not in use, it folds compactly for easy storage. The RG0 blue light hazard exemption level and flicker-free technology help protect your vision, minimising glare and delaying eye fatigue even during extended use.

With a large illumination area, this desk lamp provides uniform lighting across your workspace, preventing harsh contrasts between light and dark spots. The simple touch control makes operation effortless-just press to turn it on/off or hold to adjust brightness. Designed for home offices, study desks, and creative workspaces, the Xiaomi Desk Lamp Lite combines functionality with sleek, modern aesthetics, making it a must-have lighting solution.

Features:

- Ra90 high CRI for true colour rendering
- Three-Level Brightness Adjustment
- 25 degrees up and down tilt flexible positioning
- RG0 blue light hazard exemption level with flicker-free illumination
- Wide-area uniform Illumination
- Energy-Efficient LED Lighting
- One-touch operation for power and brightness adjustments
