Xiaomi Flexible Rechargeable Lamp

Product Overview

Xiaomi Flexible Rechargeable Lamp, 3.5W rated Power, Lithium-ion Polymer Battery, 2000mAh Battery capacity, 3.5h (100lm) rated operating time

Specifications

Overview Summary:

The Xiaomi Flexible Rechargeable Lamp is a compact and versatile lighting solution for South African homes and offices. Its flexible design allows you to adjust the lamp to the perfect angle, whether for focused study, professional work, or bedside reading. Powered by a 2000mAh lithium-ion polymer battery, it offers up to 40 hours of continuous light at low brightness, making it ideal for load-shedding periods. Shop now to enhance your workspace with comfortable, flicker-free illumination.

With a high Ra90 CRI, this lamp reproduces colors naturally and accurately, perfect for design tasks or reading. Its multi-directional rotation, magnetic base, and touch controls give you complete flexibility in positioning. Buy now to experience a portable, energy-efficient lighting solution that adapts to your lifestyle.

Performance tier:Premium

Uses:Reading, study, desk work, design, portable lighting, load-shedding lighting

Overview:

The Xiaomi Flexible Rechargeable Lamp is a practical lighting solution tailored for modern living, whether you are studying, working late, or managing load shedding. Designed for versatility, it functions as both a stable desk lamp and a portable light source. Its clamp-style base allows secure attachment to desks, shelves, or headboards, while the adjustable arm and magnetic mounting system make repositioning simple. With smooth multi-directional rotation, it adapts easily to different environments and lighting needs.

Description:

This compact yet capable rechargeable lamp combines flexibility, portability, and consistent lighting performance. It delivers clear, natural illumination suitable for reading, work tasks, and ambient use, while the built-in battery ensures continued operation during power outages. Eye-friendly lighting technology reduces strain during extended use, and intuitive touch controls make switching between brightness levels and colour temperatures straightforward. The inclusion of USB Type-C charging and built-in battery protection ensures reliable, safe everyday use across different settings.

Features:

Flexible Lighting for Everyday Use

Designed to move with your needs, the lamp can transition from a fixed desk light to a handheld torch in seconds. Its magnetic base and adjustable structure allow precise positioning, making it suitable for focused lighting or broader room illumination. This flexibility is especially useful in compact spaces or shared environments.

Reliable Performance During Power Outages

With a 2000mAh lithium-ion polymer battery, the lamp offers extended runtime across multiple brightness levels. Lower settings provide long-lasting illumination, making it a dependable option during extended outages or when mobility is required without access to power.

Key highlights include:

- Magnetic attachment with adjustable multi-directional rotation for easy positioning
- Rechargeable battery design for cordless convenience
- Long runtime suitable for emergency lighting and daily use
- Consistent brightness output supported by battery protection technology

Comfortable and Natural Illumination

The lamp is engineered to provide lighting that is both effective and easy on the eyes. With a high colour rendering index, it maintains accurate colour visibility, which is useful for reading, studying, and detailed work. Flicker-free performance and reduced blue light exposure contribute to long-term visual comfort.

Lighting advantages:

- High Ra90 colour accuracy for natural light output
- Flicker-free operation for reduced eye strain
- Multiple colour temperatures for different environments and tasks

Technical Details and Performance

This model balances efficiency with practical output, delivering consistent lighting while maintaining low power consumption.

- Part Number / SKU: BHR8959GL
- Rated power: 3.5W
- Rated input: 5V 0.7A
- Battery type: Lithium-ion polymer
- Battery capacity: 2000mAh
- Charging interface: USB Type-C

Performance levels:

- 100lm output: approximately 3.5 hours
- 60lm output: approximately 7 hours
- 10lm output: up to 40 hours

Additional parameters:

- Luminous flux options: 100lm at 4000K and 5000K, 60lm at 3200K, 10lm at 2700K
- Operating temperature range: 0degrees C to 40degreesC
- Operating humidity: 0% to 85% RH

What's Included in the Box

- Xiaomi Flexible Rechargeable Lamp (White)
- Base
- Clip-on lamp base
- Desk lamp stand
- USB Type-C charging cable
- User manual

Smart Lighting for Work, Study, and Home

Whether used as a desk lamp, bedside light, or emergency backup during load shedding, this Xiaomi lamp provides dependable performance in a compact form. Its adaptable design, combined with efficient battery life and comfortable illumination, makes it a strong choice for users who need flexible and portable lighting in everyday situations.

Specifications:

Rated input	5V?0.7A
Rated power	3.5W
Battery type	Lithium-ion polymer battery
Maximum charging voltage	5V ?
Battery capacity	2000mAh

ComX Computers

Product Specification Sheet

Rated operating time	3.5h (100lm), 7h (60lm), 40h (10lm)
Luminous flux	100lm (4000K, 5000K), 60lm (3200K), 10lm (2700K)
Operating humidity	0%-85%RH
Operating temperature	0degreesC-40degreesC
