New! Bitdefender photon
innovative, exclusive technology that visibly improves speed and performance in a matter of hours by gradually molding to your pc.

New! Security report
this new feature presents your overall security status for the past week, including scans and disinfections, pending issues if any and ways to fix them, as well as feature recommendations and notifications of unused modules.

New! Wallet
stores your sensitive credentials and automatically logs you in to all your favorite websites, emails, and apps.

Shop and bank confidently
bitdefender safepay safeguards your payments and also automatically fills in your account information.

Know your identity stays private
surf the internet and socialize without worries. Your private information cannot be seen or stolen by hackers.

No interruptions. No popupsbitdefender autopilot automatically takes the best securityrelated decisions for you, offering silent security.

Enhanced! Bitdefender safepay
keeps hackers at bay by automatically opening all your online banking pages in a separate, secure browser, and keeps all necessary credentials safe and within your reach.

Twoway firewall
The twoway firewall continuously monitors your internet connections and prevents unauthorized access, even over a wifi network.

Enhanced! Cloud
stops unwanted email from reaching your inbox, now fully based on cloud technology.

Active virus control
Active virus control is a proactive, dynamic detection technology. It monitors processes behavior in real time, as they are running, and tags suspicious activities.

Rescue mode
if ethreats, such as rootkits, cannot be removed from within the windows operating system, the computer is rebooted in rescue mode a trusted environment which is then used for cleanup and restoration.

Vulnerability scanner
the vulnerability scanner checks for missing or outdated security software, missing windows security patches, and potentially unsafe system settings.

Security widget
enables you to keep track of all of your securityrelated tasks, plus lets you quickly and easily draganddrop files for quick scanning for viruses right from your desktop!

Mybitdefender dashboard
see all the status and licensing information about your software and services in your own mybitdefender dashboard. Now accessible from anywhere, anytime, from any internetconnected device.

Remote management
Remotely scan and fix security issues on all of your bitdefenderprotected devices from anywhere, using mybitdefender.

Usb immunizer
immunizes any flash drive from viruses when they are connected to your computer so you never worry again about usbs infecting you or your friends.

Bitdefender autopilot
Provides a hasslefree experience by making optimal securityrelated decisions with no input from you. This means no popups, no alerts, nothing to configure.

Social network protection

bitdefender safego c filters/blocks socialnetworking specific ethreats by scanning links you receive from your facebook friends, monitors your privacy settings, and much more!

Search advisor
The link filter relies on intelligence provided by bitdefender cloud services to flag malware and phishing attempts in google and bing search results.

Enhanced! Parental control
Blocks inappropriate content, restricts web access between certain hours, and helps you remotely monitor your children's online activity even on facebook!

Device antitheft
Locks, wipes or even locates your laptop from any internetconnected device you have at hand.

Personal data filter
prevents critical data (such as anything even resembling your social security number) from ever leaving your computer.

Antiphishing
Analyzes and blocks websites that support various scams or credit card phishing attempts.

Chat encryption
Keeps your conversations private on yahoo! Messenger

File shredder
ensures that no traces of your deleted sensitive files remain on your pc

File encryption
Locks up confidential files in an encrypted vault.

Tuneup
Your antivirus is not slowing down your computer. So what is? Bitdefender total security comes complete with a tuneup module that cleans up your file system and registry for enhanced performance.
Online storage and sharing bitdefender safebox
stores and protects your important or sensitive files in a secure online location so you can safely manage and access from all your devices iphones, ipads, android phones or pcs. The first 2 gb come from us for free!
Box contains
Cdrom, quick start guide
