Bitdefender Total Security 2015 - 1 User

Product Overview

Bitdefender Total Security 2015 1 User

Specifications

Overview:

It builds on technology awarded Best Protection and Best Performance to defend your device with just one click. Lock confidential files in an encrypted vault and use Bitdefender Safebox™ to securely stores photos and videos online. Device Anti-Theft helps recover your device in case of loss or theft.

Features:

Experience Bitdefender. OneClick Security™
Even the best anti-malware software is worthless, if it's hard to use. Bitdefender Total Security 2015 engages security with a single click.

Install and Forget.
Bitdefender's OneClick Autopilot automatically makes the best security decisions for you.

Single-Click Tune-Up & Clean-Up.
OneClick Optimizer speeds up your system and frees up disk space.

Smart Profiles.
Bitdefender Total Security 2015 automatically detects when you Work, Play or Watch movies, and prevents other apps from slowing you down.

One-Step Online Payments.
Wallet simplifies purchases by securely autofilling your credit card details.

Bank Online Without Worries
Make online transactions from a unique, dedicated browser, that secured your accounts from fraud. Bitdefender Safepay™ can now also automatically fill credit card details in billing fields.

Two-way Firewall
The two-way firewall continuously monitors your Internet connections and prevents unauthorized access, even over a Wi-Fi network.

Cloud Antispam
Stops unwanted e-mail from reaching your Inbox, now fully based on Cloud technology.

Active Virus Control
Active Virus Control is a proactive, dynamic detection technology. It monitors processes' behavior in real time, as they are running, and tags suspicious activities.

Rescue Mode
If e-threats, such as rootkits, cannot be removed from within the Windows operating system, the computer is re-booted in Rescue mode - a trusted environment which is then used for cleanup and restoration.

Quick Vulnerability Scanner
With a single click, the vulnerability scanner automatically warns of vulnerable or outdated software, missing Windows security patches, and potentially unsafe system settings.

Security Report
Displays your overall security status for the past week, as well as the total issues fixed by Bitdefender since installation. Includes freed up space, optimized apps and remaining available storage.

Security Widget
Enables you to keep track of all of your security-related tasks, plus lets you quickly and easily drag-and-drop files for quick scanning for viruses - right from your desktop!

Online Dashboard
MyBitdefender offers quick online access to your local Bitdefender software, allowing you to run scans, check security statuses for each device, extend your services or easily access support.

Remote Management
Remotely scan and fix security issues on all of your Bitdefender-protected devices from anywhere, using MyBitdefender.

USB Immunizer
Immunizes any Flash Drive from viruses when they're connected to your computer so you never worry again about USBs infecting you or your friends.

Bitdefender Profiles
Bitdefender Total Security 2015 automatically detects when you Work, Play or Watch movies, and temporarily prevents apps from popping up or slowing you down.

Bitdefender Autopilot
Provides a hassle-free experience by making optimal security-related decisions with no input from you. This means no pop-ups, no alerts, nothing to configure.

Social Network Protection
Bitdefender Safego™ filters social-networking specific e-threats by scanning links you receive from your Facebook friends, monitors your privacy settings, and much more!

Fraud warnings. Secure browsing.
Tells you if a link is safe even before you click it in Google and Bing search results. Furthermore, it blocks access to infected

links that you have already clicked.

Pay Online in One Step
Bitdefender Wallet is a secure tool that speeds up online shopping by autocompleting credit card details within payment fields. Apart from purchase details, Wallet can also safely organize credentials for favorite websites, messaging applications, or frequently-used WI-FI networks.

Parental Control
Blocks inappropriate content, restricts Web access between certain hours, and helps you remotely monitor your children's online activity - even on Facebook!

Device Anti-Theft
Locks, wipes or even locates your laptop from any Internet-connected device you have at hand.

Personal Data Filter
Prevents critical data (such as anything even resembling your social security number) from ever leaving your computer.

Antiphishing
Analyzes and blocks websites that support various scams or credit card phishing attempts.

File Shredder
Ensures that no traces of your deleted sensitive files remain on your PC.

File Encryption
Locks up confidential files in an encrypted vault.

Bitdefender Photon™
Innovative, exclusive technology that visibly improves speed and performance in a matter of hours by gradually adapting to each PC.

Tune-Up. With OneClick Optimizer
Your anti-malware software isn't slowing down your computer. So what is? Bitdefender OneClick Optimizer is a new feature in Bitdefender Total Security 2015 that automatically speeds up your system and frees up disk space by running every known optimization. All in one click.
